Excited Delegates Beg the Party to Keep Out of the Democratic Band-Wagon.

By Associated Press to The Tribune.

ST. LOUIS, July 23.—The delegates both Populists and Silver were aboroad early today. They gathered in groups arguing with one another and often becoming greatly excited.

The day began clear and hot.

The Middle-of-the-Road Populists, at least the leaders, appeared to realize this morning for the first time that they could not control the situation, and although the rank and file still cried for absolutely independent action most of the leaders were talking of a compromise on the basis of the Populist Vice Presidential nomination and a division of the electors.

They made many mistakes but perhaps none will prove more costly than the ignominious dumping of Ignatius Donnelly, whom they named as a candidate for Permanent Chairman for a man named Champion, of Maine, who is bitterly opposed to Sewall.

Donnelly's friends were disgruntled. Furthermore, Middle-of-the-Roaders cannot get control of the Committee which will formulate the line of action for the Convention.

The Bryan men consider they have Bryan's nomination practically assured and are now working like beavers to save Sewall.

Should they be beaten in this, the chances seem to favor the nomination of A. L. Mimms of Tennessee.

A Middle-of-the-Road meeting was scheduled at the Convention Hall at 8:0 this morning, but it did not materialize.

A SULTRY START.

Oppressive Weather and Little Enthusiasm at the Opening

By Associated Press to The Tribune.

ST. LOUIS, July 23.—The Populists began assembling in the Convention Hall shortly after 9 o'clock.

The air was extremely oppressive. Delegates with coats slung over their arms stood about discussing the situation.

The Middle-of-the-Road fellows could be heard above the music of the band.

The Texas delegation contains some of the most uncompromising men in the Convention, and they were mad at the prospect of being balked in their policy.

At 10:05, Senator Butler, the temporary Chairman, appeared on the platform.

Simultaneously the band struck up "Dixie" and the delegates uncorked some of their pent up enthusiasm.

The attendance in the galleries, as yesterday, was very thin.

TRIED A STAMPEDE.

Middle-of-the-Roaders Make a Raid but It Fails.

By Associated Press to The Tribune.

ST. LOUIS, July 23.—At 10:10 Chairman Butler called the Convention to order, and Rev. Mr. Smith offered an invocation for blessings upon the common country.

The report of the Committee on Credentials was called for.

No one responded and the States were called for members of the Committees on Permanent Organization and Resolutions.

After the announcement of the Committee on Permanent Organization, the members retired.

A squad of Middle-of-the-Roaders, headed by Delegate Branch of Georgia, suddenly plunged into the hall through the main entrance whooping down the center aisle.

Branch bore aloft a big white banner with the inscriptions, "Middle-of-the-Road," "A Straight Ticket."

At the sight of it the Texas, Georgia, Maine, Missouri and Mississippi delegations mounted their chairs and yelled at the top of their voices.

At the same time a Middle-of-the-Road delegate stationed in the gallery over the platform hurled through the air about a peck of small green tickets which broke and fell like a cloud on the stage now over the pit.

The four delegations gave cheer after cheer but the others sat silently in their seats.

About a sixth of the delegates joined in the demonstration.

The green tickets contained the following:

"Middle-of-the-Road: Our Financial Plank—We demand a National Treasury Note issued by the General Government received for all public dues and full legal tender in payment of all debts, public and private, and loaned direct to the people through postal and other Government banks at cost, for the benefit of the people; and the purchase and coinage of such an amount of gold and silver bullion, at a ratio of 16 to 1 as may be necessary to pay the debts of the Government which are payable in coin. We demand that the volume of money shall speedily increase to the amount necessary to transact the business of the country on a cash basis. Respectfully submitted for consideration of the Populist Convention.

"George M. Jackson, J. W. Dollison, Isaac McCracker, Arkansas."

A RESOLUTION ROW.

Objections to the Sentiments Expressed by the Press.

By Associated Press to The Tribune.

ST. LOUIS, July 23.—The Credential Committee appointments were completed at 11:45.

Delegate Dixon of Oklahoma then mounted the stage and introduced Clarence E. Homily of Oklahoma, who regaled the convention with campaign songs, which were loudly applauded.

An Alabama delegate introduced "Mistress Pennington," a sweet campaign singer of Arkansas. She sang in a pleasant soprano a parody on "Yankee Doodle Dandy," each verse of which concluded: "Yankee Doodle, get your gun, shoot the gold bugs every one, Yankee Doodle Dandy."

Delegate Crawford of Kansas moved that the delegates of the Silver Convention be admitted on exhibition of their badges.

There were many yells of "No, No," from the Middle-of-the-Roaders.

Sergeant at Arms McDowell said it was impossible to carry out such instructions.

Thereupon Jerry Simpson mounted a chair and said it was no more than common courtesy to extend to the other convention, which was here in a common cause, the same privilege which it extended to the delegates of this convention.

Chairman Butler ruled that during the from the straight-outs, ruled the motion out of order.

Washburn of Massachusetts from the stage announced that he had an important resolution to offer. It was as follows:

"Whereas, We are all Populists and deprecate the talk which has appeared in some newspapers that there is a disposition on the part of any portion of this convention to refuse to abide by the action of this convention, therefor

"Resolved, That we repudiate all such utterances as a reflection upon the fidelity of the members of this convention and of the Populist party."

Washburn said the question of preserving the organization of this "grand party" was vital and called for full discussion.

A storm of protests came from the Middle-of-the-Roaders.

One made the point of order that before the convention was permanently organized no such resolution could be acted upon.

A Connecticut delegate named Henry C. Baldwin shouted: "If the papers say we are asses, shall we pass a resolution saying we are not?"

Chairman Butler moved that during the temporary organization a resolution could be passed expressing its sense.

Thereupon Congressman Howard of Alabama moved to refer the resolution to the Committee on Resolutions.

Delegate Branch of Georgia followed with a motion to table the whole subject.

There was a great deal of confusion as a vote was taken viva voce. Chairman Butler deciding the motion carried.

Delegate Willis of North Dakota moved to take a recess, but the crowd, desiring more music and speeches, voted the motion down, although the announcement was made that it would be 3 o'clock before the Committee on Credentials could report.

After more music, at 12:42, another motion to take a recess until 3 o'clock was made and it carried.

A POINT FOR BRYAN.

General Weaver of Iowa Chosen Chairman of the Committee.

By Associated Press to the Tribune.

ST. LOUIS, July 23.—The Populist Committee on Platform met at the Londell Hotel today immediately after appointment.

General J. B. Weaver of Iowa was elected Chairman over Hon. Jerome Kirby of Texas.

General Weaver said he was for the principles of the party first and for party automony next; but he desired it understood he did not propose he did not propose to give up either.

The Committe decided upon the appointment of five sub-committees of five each on preamble, finance, transportation, land and direct legislation, and authorized the chairman to make the selection.

The committee then took a recess until 2 o'clock.

The selection of Weaver as chairman is considered a Bryan victory by advocates of the endorsement of the Democratic nominee.

CAMPION OR BUTLER.

How the Minority Will Report on the Vice Presidency Matter.

By Associated Press to The Tribune.

ST. LOUIS, July 23.—Wm. V. Allen of Nebraska was selected Chairman by the Majority Committee on Permanent Organization of the Populist Convention.

It was announced the Minority would make two reports on Vice President—one for Campion of Maine, the other for Butler, of North Carolina, if he would allow his name to be used.

"NO COMPROMISE."

The Middle of the Road Men Declare Themselves Again.

By Associated Press to The Tribune.

ST. LOUIS, July 23.—The Middle-of-the-Road men held a meeting just before the hour for the afternoon session of the Convention.

The net result was the adoption of a motion declaring it was the sense of the Middle-of-the-Road men that no compromise should be entertained or adopted by them until a platform of Populist principles and a straight-out ticket is nominated; also that an effort should be made to have the friends of Butler on the Committee on Permanent Organization withdraw his name so that all might unite upon Campion of Maine.

CONTESTS COME UP.

A Preliminary Wrangle Over the Disputes in the Delegations.

By Associated Press to The Tribune.

ST. LOUIS, July 23.—The delegates were promptly on hand at the afternoon session.

Just before 3 o'clock a delegate climbed the steps of the platform and brought his umbrella handle down with a crash on the chairman's table. "If this is a Populist Convention," he shouted in a husky voice, "for God's sake don't get into a Democratic band wagon."

The crowds laughed, and the "Middle-of-the-Roader disappeared in the direction of the Texas delegation.

At 3:30 Chairman Butler rapped the Convention to order and announced the Committee on Credentials would submit a partial report.

His announcement was repeated by the sub-chairmen in various parts of the hall, the delegates in remote portions of the Auditorium having complained they could not hear what was going on.

Delegate Wardell, chairman of the Credentials Committee, read his report. The portion relative to the delegations where there were no contests was agreed to.

Then the trouble began.

Patterson of Colorado moved that the Convention take up the contests in the alphabetical order of States.

Harry Tracy of Texas objected. He wanted them in the order reported by the committee.

Patterson denied the committee submitted them in any order. The committee, he said, simply enumerated the cases.

Brooks of Missouri drew a howl of approval from the straight-outs by raising a point of order that as Patterson's State was contested he had no right to the privileges of a member of this Convention until his title to his seat was confirmed.

Chairman Butler overruled the point, saying Patterson's name was on the temporary roll and he was entitled to all the privileges of membership until he should be unseated.

Delegate Webster of Missouri, who seconded Patterson's motion, withdrew his second, saying that if the Colorado delegation, which came first in the roll of contested delegations, were seated, they would have an important influence in the determination of the other cases.

Patterson said the reason the Colorado contest should be first decided was because it was the only delegation contested as a whole. His motion was put and declared carried.

Stump Ashby of Texas attempted to secure a division.

The Chair ruled his demand came too late.

The Colorado contest was then taken up and a motion was made to adopt the report of the committee, recommending the seating of the Patterson delegation.

W. J. Carter of Georgia demanded a vote by States.

Patterson said he was unwilling to have a vote upon the question until the minority could be heard.

The minority had not prepared a report.

Patterson wanted them to have an opportunity to present a report. He offered a motion in deference to the wishes of the Texas and Georgian delegations who were opposed to seating the delegation, that the Colorado contest be postponed one hour. This carried.

"This," said a Texas man, "is magnanimous, but Patterson can't catch us with any such taffy. He is not in the Middle-of-the-Road."

G. W. Baker Says That Their Duties Will Terminate With the Platform.

PLANS FOR FUTURE WORK.

How the Independent Movement Will Be Handled During the Campaign.

By Associated Press to The Tribune.

ST. LOUIS, July 23.—In the Grand Music Hall where the Silver Convention was held the heat was even more uncomfortable than on the streets.

The tired delegates began to come in at 9:30, but the galleries were practically vacant at 10 o'clock, the hour to which the Convention was adjourned and it was long after that time when the Convention was called to order.

When Chairman St. John called the Silver Convention to order he said he was sorry to be compelled to announce that Rev. Dr. Needs, who was to open the Convention with prayer, had been called from the city.

Congressman Newlands moved that the Committee on Ways and Means be appointed to raise funds to defray the expenses of the Convention.

Charles A. Towne, Vice Chairman, was introduced. He said the press of the country had apparently forgotten its sacred duty and had become the pliant tool of monopoly. Money was the god it worshiped. But the day of regeneration was at hand. History was being made to-day. The people had been lax, but had been determined to manage their own affairs. They had suffered grievously at the hands of monopolies and trusts but they would look after their own affairs.

He denounced the pernicuousness of the present money system and the declaration cheered long and loud. A single gold standard he said, would ruin the masses. In November, they would relegate the parties of monopolies to oblivion and put in power men who have the interests of the people at heart. The Speaker referred to the bolt of Senator Teller of the Republican Convention and spoke of the heroism and patriotism of the Colorado Senator to the delight of the delegates.

Next he referred to the nomination of Bryan who he said, made the year like that of the election of Lincoln. He eulogized the Democratic candidate in glowing terms. This evoked the biggest demonstration which thus far characterized the Convention.

He said Chauncey M. Depew's jokes were sought for on this side of the water and his opinions on the currency where he was not so well known. Depew was a gold standard man and monopolist, and wanted to impose the English yoke of gold on the necks of the people of America.

The Speaker next explained the free silver question and attempted to show how hard times would vanish when free silver appeared.

When the free silver party got control of the Government the robbery of thrift for the benefit of idleness would cease. Three months ago a man who would have dared to predict free silver within the coming election would have been set down as an imbecile. Now the movement had grown to such proportions that victory was not only possible but certain if the forces were united. Sacrifices were made on all sides. Factions must all unite and patriotic people would be relieved of their burdens.

There was uproarious cheering by the delegates when Towne ended.

ST. JOHN SPEAKS.

A Dissertation on the Effects of Gold and Silver Standards

By Associated Press to The Tribune.

ST. LOUIS, July 23.—Ex-Governor St. John was next to speak. He told how corn was worth ten cents a bushel, oats eight cents, and potatoes six cents a bushel in Minnesota. This was why so many farmers believed in free silver.

A few months ago nearly every one believed nothing could defeat McKinley for President. But the surrender of American interests to Great Britain at the political Convention changed the sentiment of the whole country.

Free silver at 16 to 1, would sweep the Nation. But a vast deal of missionary work must be done. There were thousands of voters misled by the gold bugs.

The cry was raised that if free silver was adopted it would make this country the dumping grounds for the silver of the world.

The speaker hoped it would. If all the silver in the world were dumped in this country and coined it would only make $60 per head. And that was not too much. Should this be done, it would make this the most prosperous country in the world.

Never in the history of America had it been so hard to keep gold as under the present system. Under it $262,000,000 worth of bonds had been issued and the working people plundered by Wall Street syndicates and English land sharks."

A GENERAL POW-WOW.

Mrs. Gougher Takes a Shot at the Liquor Interests

By Associated Press to The Tribune.

ST. LOUIS, July 23.—After St. John, Mrs. Helen M. Gougher of Indiana made a speech. She denounced the gold bug monopolists—"Wall street plutocrats" and "English bond sharks," and said the only salvation of the people from serfdom was to declare for free coinage of silver. She denounced McKinley and the platform on which he stands. Saloon keepers, the rum power, and anarchists, she said, were with McKinley. So were "the thieves of Wall street."

As Mrs. Gougher concluded she called on the band to play "America," and the delegates to join in the singing which they did.

At the request of the Connecticut delegation Judge Joseph Selden was given the stand. His remarks were a review of foreign trade relations as affected by silver issue.

Delegate Hall of Illinois said a potent influence upon the voters in behalf of silver would be the announcement of the former party affiliations attendant upon the Silver Convention. He moved that a poll of the delegations be taken for publication.

The motion was carried and the roll ordered taken next session.

The following resolution was offered for individual consideration of the delegates preparatory to the official consideration of the next session:

"That in the present situation the organization is and logically must be in the coming campaign a peculiar representative of independent Free Silver Republicans and the efforts of the National Committee should be carefully directed to combining and augmenting this Republican element as an independent force, co-operating with others for the election of candidates who shall be nominated by this Convention for President and Vice-President and a Free Silver Congress."

R. A. Cole of Milwaukee said while he had the greatest respect for Mrs. Gougher of Indiana, he did not think it wise to take up the cry of prohibition. To denounce the ring would be to lose strength among the Germans. Despite cries of "Sit down" he continued to talk. The free silver question was one that interested the masses and should not be weighted down by prohibition, he said.

When he finished the Convention took a recess until 2:30 P. M.

A TEMPORARY BLOCKADE.

Speeches Are Made and G. W. Baker Presents His Views.

By Associated Press to The Tribune.

ST. LOUIS, July 23.—There were a good many women in attendance at the afternoon session, but the delegates were slow in assembling.

At 3 P. M. Chairman St. John called for order. He announced that as the People's party had not effected permanent organization no Conference Committee had been appointed. This would necessitate delay and he hoped the delegates would be patient.

To fill in the time speakers were called for and H. L. Chaffee of Minnesota addressed the Convention.

When Chaffee finished Mr. Towne took the gavel and C. B. Lane of California was requested to speak five minutes on gold.

Lane responded and was well received.

A motion made by the chairman that when the Convention adjourns the hour for reconvening be set at 10:30 tomorrow caused a general and heated argument. The motion was finally carried.

G. W. Baker of California was now called for and said during the course of his speech that the platform if adopted would end the labors of the Convention, as it would endorse Bryan and Sewall. He wanted to see a conference with Populists acted on first.

BANKERS ARE BUSY.

A Pool Is Being Arranged to Prevent the Gold Exports.

By Associated Press to The Tribune.

NEW YORK, July 23.—The Evening Post says the Committee of Foreign Bankers appointed at the meeting yesterday to formulate a plan for checking the exports of gold during the next two months is not expected to report for two or three days.

It is the intention to arrange a pool by which all demands for exporting may be supplied during that time.

This morning there was a decline of ⅛c in posted rates for sterling exchange.

A GOOD MOVE.

WASHINGTON, July 23.—The Treasury department has been advised that over $21,000,000 will be turned into the sub-Treasuries by the banks in exchange for legal tender notes to sustain the gold reserve.

Of this amount $18,500,000 is pledged by New York bankers.

A COWARDLY TRICK.

A Santa Cruz Farmer Who Tried to Assault a Woman.

The police are looking for Nick Vojvoda a Santa Cruz farmer, who is charged by Mrs. May Gray with attempting to administer to her certain drugs in a manner which the penal code of the State specifies as a felony.

The woman is married and lives with her husband in a lodging house at 953 Webster street. Vojvoda for some time past has made advances to her which she repelled until he, becoming angry, tried to secure his end by foul means. She detected him while he was attempting to mix the drug with a glass of liquor and swore to the complaint.

Vojvoda is supposed to be at present on his ranch and the warrant has been sent to Santa Cruz.

WATER FRONT NOTES.

Gossip About Ships, Cargoes and Marine Matters in General.

The British ship Cedarbank is expected here in a few days. She will discharge about 300 tons of general merchandise under the personal direction of Collector of Customs English.

The freight steamer Emma is busy today loading the steamer Lackmo with wire from the old Oakland Nail Works. Forty tons are being shipped to Port Townsend.

The steamer Arago (Captain Reed) has almost completed discharging her cargo of coal and will sail this evening for Coos Bay.

The scow Colonel Baker arrived this morning from San Francisco with eighty tons of coal consigned to J. P. Taylor.

A SPECIAL SESSION.

The Grand Lodge A. O. U. W. Will Assemble in September.

A special meeting of the grand lodge of California, A. O. U. W., will be called in San Francisco in the beginning of September.

The reason for the calling of the convention is to enact legislation touching the adoption of the new classification system of assessment passed at the late meeting of the Supreme Lodge of the order at Buffalo, N. Y.

California is a separate jurisdiction and requires this mode of procedure before the new system can become a law in this State.

TO HAVE A FINE BOOTH.

Political Equality Workers Preparing for the Exposition.

They Will Show Their Admirers Tha They Are Doing Good Work.

The Political Equality Societies of Alameda County held a meeting yesterday afternoon to perfect arrangements for the suffrage booth in the Oakland Exposition. The ladies intend that the booth shall teach the general public a lesson, and for this purpose will make the suffrage headquarters cosy and homelike in order to prove that a political woman is also a home loving creature.

All of the delicacies dear to the busy cook and housewife's heart will be displayed. Jellies, pies and cakes will be on view, the clever work of the latest woman, the being who is evolved from the best of the old and the new woman, and to whom the intricacies of domestic cookery and the silver question are equally clear.

The President has appointed committees to carry out the arrangements, and ladies will be appointed later who will have charge of the booth and hold informal receptions, during which dainty wafers and tea will be dispensed, while the fair hostesses expound the benefits of equal suffrage.

The committees already appointed are as follows:

On Construction and Decoration of Booth—Mrs. Morris Woodhams, Mrs. L. C. Judd, Mrs. T. L. Walker.

On Furnishings—Mrs. J. C. Campbell, Mrs. Olive E. Babcock, Mrs. Ida M. Harper.

On Literature—Mrs. C. L. Wood.

Friday evening of this week the Political Equality Society will hold an open meeting in Odd Fellows' Hall and an interesting programme has been prepared. Lauriette Cornell, a rising young orator of this city, will be the speaker of the evening. Mrs. J. Cal Ewing, who is one of the most eminent elocutionists of Oakland, will give several selections. Miss Campbell will be the vocalist of the evening.

WANT TO VOTE.

Applications for Citizenship Come Up Before Judge Greene.

There were half a dozen applicants for admission to citizenship before Judge Greene in the Superior Court this morning. It was the judge's first appearance on the bench since his return from his trip to the mountains. He looked bronzed and the manner in which he conducted the examination of the would-be citizens showed that his old-time vigor had in no wise been impaired.

The first man to pass the examination successfully was Henry Griffith. The questions propounded covered a wide range of subjects concerning the formation of this government and the constitution, by which the government is regulated. Some of the queries were posers, but the applicant was finally admitted to citizenship.

The next one to face the court was John H. Williams, a native of Wales. Mr. Williams struggled manfully to withstand the judge's assault upon his citadel of information, but finally capitulated. The judge then remarked that Williams would not be attached to the principles of our government, because he didn't seem to know what those principles are. He advised the applicant to study the constitution a great deal more and, if necessary, to get others to aid him in the study. Then, for the purpose, presumably, of relieving the applicant of the embarrassment which his questioning had occasioned, the judge remarked: "You could not be attached to a girl unless you knew her, could you?"

Whereupon Williams replied that he could not.

Worked Too Hard.

During the judicial vacation thus far, Judge Ogden has done a great deal of work belonging to other departments of the Superior Court. As a consequence he has been prevented from devoting the time he had anticipated giving to the cases which he had taken under advisement.

Today there was a sign posted on his door notifying litigants and attorney that he would not consider any more cases until further notice. Judge Ogden will now devote all the time to his own cases, after which he will take a greatly needed rest.

Opera in Berkeley.

The Wilkie-Rhorer Opera Company will produce the pleasing operetta "The Bandit Prince," in Shattuck Hall, Berkeley, *tomorrow night*. Dorothy Goodsell and Miss Alice Partridge will take part and with Alfred Wilkie and Mr. Rhorer in the leading roles a pleasing entertainment is assured.

PUNCHED HIS RIVAL.

George Jordan of Market Street Planned a Successful Ambush.

HENRY DERWIN IN THE TRAP

A Husband Had Misgivings About His Wife's Affections.

SHE WAS OVER ANXIOUS.

He Smelt a Rat and Waited Concealed Around a Corner,

There is trouble in the household of George Jordan, who resides at 808 Market street and a once happy home threatens to be broken up through the actions of his pretty wife.

The story dates back some time, when Jordan began to suspect all was not as it should be regarding his domestic affairs. Through a guarded investigation he came to the belief that another individual was paying attentions to his wife, though when accusations were made they were indignantly denied.

Jordan works in a cannery and last night returned from his labors, tired out. It was the evening on which his Odd Fellows' lodge met and though a regular attendant he did not feel inclined to go, owing to fatigue.

However, his wife urged him to make his accustomed visit so strenuously that suspicions were again strongly aroused and finally the husband seemingly acquiesced.

Putting on his hat and coat he left the dwelling, but only to stand guard, near by, and ascertain if possible whether his fears were true. He did not have long to wait, so he claims, before he observed his better half emerge from the home clad in outing attire. Then he says, she was met by a young man and the two started off together.

They had only reached the corner of West street where Jordan overtook them and the scene which followed was for a time quite exciting.

With his right hand he punched his wife's companion repeatedly on the head, while with his left he dragged the woman away. The thoroughly frightened couple naturally halted and then Jordan accused them of many things, among them a conspiracy to break up his home.

His wife's escort, who proved to be Henry Derwin, did not attempt to give battle, but quietly retired from the scene when the opportunity afforded.

Officer Rhienhardt, who was passing by, was appealed to by the irate husband and a warrant asked for Derwin's arrest on the ground of alienating the wife's affections. As this was out of the officer's power to grant, the truant wife was taken home and given a lecture on the errors of her ways.

Jordan declared he would not stand such actions, intimating that the divorce courts were handy. The wife was penitent, but the end has not yet come.

The couple have one pretty child and a comfortable home. They were married several years ago and up to recently no trouble has arisen between them.

Jordan says he is not through with Derwin yet and if the courts can give him no relief, he will take matters in his own hands.

Derwin is a barber, employed at 903 Washington street. When seen today, he had a contusion over the ear, but otherwise did not appear to have suffered from his whipping.

"I guess it's straight," he said. "I was with Mrs. Jordan last night, but we met merely by chance. We had no date together as her husband claims, but I don't see any use in talking about it. I let him hit me, because there was a policeman across the street and now he ought to be satisfied. He can't get me arrested, for he is not able to prove any thing. I suppose the publicity of this thing is going to "queer" me in the town, but I can't help it."

SAYS HE WAS DRUNK.

How Athol Accounts for the Trouble With the Horse.

"Lord" Athol, the alleged scion of nobility, who seems to have a predisposition to make free with other people's horseflesh, has just got out of another scrape because the owner of the lost animal which he handled does not desire to prosecute.

The horse and buggy which Athol left in an unceremonious manner at the residence of W. S. Greene, Howe street, near Fabiola Hospital, last Sunday night, has been identified and claimed as the property of Waterbury, a livery man of Berkeley, from whom the outfit was rented on the day in question. Waterbury saw the account of Athol's affair in The Tribune and, as he was missing an animal of the kind described, called at Greene's abode and found his outfit.

When Athol was called on to explain his summary disposition of the property, he offered as an explanation the statement that he had been drunk and did not know what he was doing when he got rid of the horse and buggy. Athol's place of abode is now given as 1507 Broadway.

THE SCHOOL OPENING.

Principal McChesney Preparing for the Coming Change.

Principal J. B. McChesney of the High School has announced that he will be at his office in the High School Building, Saturday, from 9 A. M. to 3 P. M., for consultation with parents and pupils. A number of minor changes will probably be made in the classes but at present nothing is definitely arranged.

The pupils who formerly took the business course in the High School will report at the old High School Building, or as it is now called the Central Grammar School, on Monday morning. Owing to the establishment of this new school, Professor McChesney is at a loss to know how many pupils to expect in the High School this term.

MISS DETTMAN'S DEATH.

Her Vital Organs Had Been Attacked by Fatal Troubles.

Dr. J. W. Wilcox held an autopsy this afternoon on the body of Miss Clara Cordelia Dettman, who died last evening. The direct cause of death was due to heart failure superinduced by disorganized liver, stomach and kidneys.

The deceased was thirty years of age and was visiting friends at 1171 Sixteenth avenue. Her death was sudden and no doctor was in attendance.

The young lady came recently from Germany and was to have returned there shortly.

WANTS TO LEAVE HOME.

A Young Girl Who Does Not Like to Live With Her Step-Father.

Mrs. Prescott was appointed guardian of a young and pretty girl named Jennie Gibson today, whose former home is in San Francisco. The girl is only about 15 years of age, and was voluntarily relinquished by her mother, who was in court at the time. It seems the mother has taken to herself a second husband, her former spouse having died. The girl accordingly thinks that her home must hereafter be distinct from that of her mother.

DESTROY THE THISTLES.

Those Who do Not Comply With the Law Will Be Arrested.

Chief Lloyd and Captain Wilson today instructed the police force to begin the thistle raid. Every person who owns or occupies ground on which the Scotch thistle is allowed to grow will be arrested.

A list of persons who are subject to arrest for this offense has been made by the officers. It contains nearly 200 names.

Death of Pioneer Voges.

A SAD SCANDAL.

The Yarde-Buller Divorce Comes Up for Trial.

AN OAKLANDER, DEFENDANT.

A Story of High Life in the Heart of England.

HER HUSBAND'S QUEER TALE.

Valentine Gadsden of San Francisco Named in the Case.

By Associated Press to The Tribune.

LONDON, July 23.—The trial of the Yarde-Buller divorce case began today.

The plaintiff is Hon. Walter Yarde-Buller, brother of Lord Churston, a member of a distinguished family of Devonshire.

The defendant, Mrs. Leilah Yarde-Buller, is a daughter of the late General W. R. Kirkham, who was a wealthy resident of Oakland, Cal.

The Yarde-Bullers were married in 1886.

The plaintiff alleges cruelty and adultery on the part of the defendant with Valentine Gadsden, who is said to be a real estate man of San Francisco.

Mrs. Yarde-Buller denies the allegations and makes counter charges.

Buller testified his wife behaved like a mad woman. Once she took poison. Sometimes she locked her husband out of the house. One night she insisted on going to the Cafe Cavour, a resort of the demi-monde, where she made a disturbance. Then she came home with a strange man and locked her husband out of the house.

Under cross-examination the petitioner declared his domestic troubles arose from her drinking habits and fast living.

The hearing was adjourned.

WHEELMEN'S WORK.

Announcements for the Coming Big Meeting at Louisville.

By Associated Press to The Tribune.

CHICAGO, July 23.—The officials of the seventeenth National meet of the L. A. W. to be held in Louisville in August are announced. Chicago wheelmen are represented in the list to the number of seven. Among them are Fred J. Wagner, Clerk of the Course; Charles P. Root, Starter and N. H. Von Sycklen, Timer.

The Meet Club assured everybody that Louisville is ready to entertain thousands of visitors who will surely visit that city. The Weekly L. A. W. Bulletin adds: "Drinkables enough to satisfy 10,000 people have been contracted for; pipes, tobacco and cigars by the bushel are in stock. The souvenir programme will be issued by August 1st. The city has made an appropriation for sanitary purposes; the police will deal gently with the unfortunate who has no lantern and bell; a train load of watermelons for the feast, have been contracted for and many other things have been done.

PEACE HEREAFTER.

Judge Lawrence Dismisses the De Moy Case With a Reprimand.

The Voglesang-De Moy feud which raged with all fury on the morning of the 3rd of July between the female members of the two households was settled in the Police Court this morning by Judge Lawrence reprimanding all parties and dismissing the case of distrubing the peace which had been placed against Mrs. De Moy by the leader of the other faction.

At worst the trouble consisted of Mrs. De Moy intimating that Mrs. Voglesang could not find a father for her children with a search warrant. Mrs. Voglesang retorted that Mrs. De Moy was once a bar maid and the outraged De Moy called back that the Voglesang leader held the leather medal for being the champion prevaricator in Oakland.

That settled it. Mrs. Voglesang had her neighbor arrested and it took Attorneys Gibson and Hewitt most of the morning to have the witnesses tell their story to the Court. Before they had finished, however, Judge Lawrence concluded that he had heard enough and dismissed the case with an understanding that hereafter peace shall reign in the neighborhood of Eighth and Adeline streets—the vicinity of the belligerents domiciles.

THURSDAY.....JULY 23, 1896.

And now much is made of the incident that Bryan when a boy went into a grave yard, caught a rabbit and put the hind foot in his pocket in order to insure his being President. That might have brought him the nomination. But Bryan needs now to catch another rabbit in a grave yard to help him to the Presidency. He ought also to be sure that his next catch is a Democratic rabbit.

It is reported that Ex-President Harrison will take the stump later on in behalf of McKinley and the cause of sound money. Missouri, Kentucky, West Virginia and Maryland will receive the General's especial attention. He believes a stiff fight in those States will save them from the silverites, and he proposes to put all his influence and persuasive powers into a struggle to hold them. Thus again General Harrison proves his patriotism.

The name given to that part of Illinois where Bryan lives is Egypt. This name it has borne for many years in honor of its chief city of Cairo on the Ohio River, whose founders expected to see the place become the greatest city of the West, and chose the name of a port whose splendid history they hoped it might speedily rival. Marion County and Salem, a good deal north of Cairo, are still a considerable distance south of Macon, Menard and Sangamon counties, which are most closely associated with the name and fame of Abraham Lincoln. The name was also perpetuated by way of derision, because there was more ignorance in Egypt than in any other part of the State.

King Menelik is a shrewd old fellow as well as a great warrior, as the Italians have found out. French papers report that he has commissioned M. Mourlon, an electric engineer of Brussels, Belgium, to establish a complete, far-distance telephone to connect all principal places of his kingdom and to furnish for it all the necessary material. The royal palace will be in direct communication with the central stations. To insure the safety of the wires penetrating vast deserts Menelik ordered his priests to declare the lines sacred, as "the King's mouthpiece." Death is the penalty for any violation of poles or wires, the former now extending over 700 miles.

The Washington Star has a correspondent at Honolulu who furnishes more interesting information about Hawaii than any other within our observation. He notes the great tidal wave of Japan which reached Hawaii:

"The first wave struck Kawaihae at about 8:15 A. M. This wharf was completely demolished. Kailua, thirty miles south, was struck at 8:30 o'clock. The third wave, an hour later, was the highest. The first phenomenon was a sudden ebb, laying bare the rocks at the bottom of the harbor, succeeded by a towering wave rushing up over the shores, and carrying away sheds and lumber piles. The lower story of Miss Paris's hotel was flooded, and her establishment temporarily broken up. This is where Miss Kate Field lodged a few days before her death. It is a large two story stone mansion, erected on a massive stone platform at the shore in 1840 by the famous Governor Adams or Kuakini. It was afterward used by King Kalakaua as a rural palace.

At Keauhou, water reached points thirty-five feet higher than the sea and nine houses were washed away.

After a Cyclone the Calm.

Soon after the Superior Court of San Francisco denied the petition of a faction of the First Congregational Church of that city for leave to sell that large and costly edifice, Dr. Brown dropped his Golden Gate Hall enterprise and left the city. Now it is proposed to return, resume meetings in the abandoned edifice, call a minister and resume good behavior all round. If Deacon Morse would resign there would be a fair prospect of smooth work.

But what minister having a first class rating, would be willing to accept a call to that church? There are other churches of the same denomination of far more importance that have not been able to fill vacant pulpits permanently for the past year. Eastern clergymen are at present shy of California pulpits, and the more so when it is known that any church has been twisted by a cyclone.

The New Gift of Speech.

So much has been written about that wonderful young woman, Helen Keller, who had neither sight, hearing nor speech, and the processes of her education, that any new facts about her may now be of special interest. Dr. Alexander Graham Bell, the inventor of the telephone, recently opened the fifth summer meeting of the American Association to Promote the Teaching of Speech to the Deaf, with a recital of the twenty-third Psalm by Helen Keller. The wonderful circumstance is that as to speech, this young woman presented by her infirmities greater obstacles than had ever had been overcome. She was totally blind and deaf, and apparently could never have any vocal power. The young woman not only recited a Psalm, but was afterward led to the platform to make a speech. She chose for her theme "The Value of Speech to the Deaf." A citation of two or three paragraphs from her speech on that occasion, may interest many readers:

"If you knew all the joy I feel in being able to speak to you today I think you would have some idea of the value of speech to the deaf, and you would understand why I want every deaf child in all this great world to have an opportunity to learn to speak. I know that much has been said and written on this subject, and that there is a wide difference of opinion among teachers of the deaf in regard to oral instruction. It seems very strang to me that there should be this difference of opinion; I cannot understand how anyone interested in our education can fail to appreciate the satisfaction we feel in being able to express our thoughts in living words. Why, I use speech constantly, and I cannot begin to tell you how much pleasure it gives me to do so.

"Of course, I know that it is not always easy for strangers to understand me, but it will be by and by; and in the meantime I have the unspeakable happiness of knowing that my family and friends rejoice in my ability to speak. My little sister and baby brother love to have me tell them stories in the long summer evenings when I am at home, and my mother and teacher often ask me to read to them from my favorite books. I also discuss the political situation with my dear father, and we decide the most perplexing questions quite as satisfactorily to ourselves as if I could hear and see. So you see what a blessing speech is to me. It brings me into closer and tender relations with those I love, and makes it possible for me to enjoy the sweet companionship of a great many persons from whom I should be entirely cut off if I could not talk.

"So I want to say to those who are trying to learn to speak, and those who are teaching them: "Be of good cheer." Do not think of today's failures but of the success that may come tomorrow. You have set yourselves a difficult task, but you will succeed if you persevere and you will find a joy in overcoming obstacles—a delight in climbing rugged paths which you would perhaps never know if you did not sometimes slip backwards if the road was always smooth and pleasant. Remember, no effort that we make to attain something beautiful is ever lost. Sometime, somewhere, somehow we shall find that which we seek. We shall speak, yes, and sing, too as God intended we should speak and sing."

This young woman had written out her speech on the type writer, with points according to the Braille system. She then committed it to memory and delivered it from the platform in such an audible way that all could hear. To teach a deaf mute to talk is one of the educational wonders of these last days. But to teach a deaf mute who is totally blind, and who never had the gift of speech, to talk audibly, is the miracle of modern education. This woman is about to enter Radcliffe College, the annex of Harvard University.

The Centennial of a City.

The city of Cleveland is this week celebrating the centennial anniversary of its existence. The company which settled on the present site of that city went from Hartford in the summer of 1796. One of the pioneers, named Cleveland, was a leader of the party. The site chosen was within the limits of the Western Reserve, a Government concession that had been made to Connecticut. At that time there was no town settlement of any importance on the margin of any of the great lakes. There were a few settlers at Detroit.

Cleveland is today the second lake city, with Buffalo very near abreast in commercial importance. As Cleveland was founded by Hartford people, so that city has a foremost place in the celebration. Senator Hawley makes the historical address, and the jubilee week will be kept by more than three hundred thousand people. Cleveland having rounded up a century, starts with the new century with the prospect of becoming one of the great cities of the country.

This jubilee occasion has been further accentuated by the gift of a million of dollars to the city by John D. Rockfeller. For some time past he has been concentrating his large metal interests in that city. He owns some of the most important mines on the margin of Lake Superior and has already constructed ten or twelve large steamers to transport the ore to his Bessemer steel works at Cleveland. Heretofore, Pittsburg has profited most by this metal interest. But Rockfeller, owning great mines and a fleet of large steamers with no limit to capital, has chosen Cleveland as the site of what are probably to be the largest steel works in the United States. All these circumstances are associated with the centennial jubilee of Cleveland.

There are thousands who are still enquiring what 16 to 1 means. We have answered that question a dozen times. But here is a fresh answer from the Times-Herald:

"It means, first, the admission that gold is at least sixteen times more valuable than silver. It means, secondly, that persons in this country owning property in silver mines or indirectly interested in having that property boomed at the expense of all the rest of the country, want the Government of the United States to accept silver in unlimited quantities, and coin it, free of charge to the owners, into dollars which the rest of the country shall be required to accept at face value. The metal in the dollar being 371¼ grains pure silver, with 41½ grains of copper, making, altogether, 412½ grains of mixed metal, the silver dollar weighs sixteen times as much as a gold dollar. But this is a false ratio. Today gold, instead of being worth only sixteen times as much as silver, is worth about thirty-two times as much. The proposal, therefore, of free coinage of silver at the ratio of 16 to 1 is a robbery of the people of the United States. It would compel them to take as a dollar what is worth little more than half a dollar.

Thirty-Five Thousand Illegal Marriages.

It has been quite the thing of late years for unhappy married people to resort to some one of the Western States where there were free and easy divorce laws. Kansas was for some years the stalking ground for married and unmarried couples. The Kansas Court of Appeals has declared invalid the law in that State under which divorces have been granted for the last twenty-five years. Frederick R. Coudert a distinguished lawyer of New York, is reported in the Sun as making this statement:

"It will affect the present martial relations of the parties to the divorce suits, making their new marriages illegal perhaps, depriving their children of legitimacy and disturbing the property interests of many families. If the decision is based upon the imperfection of some matter of procedure then perhaps the troubles caused by it can be remedied, but if it is based upon the unconstitutionality of the law itself then I do not see how it can be remedied.

"In that case the whole of the decrees which have been issued under the law will stand as if they had never been issued. Therefore, the people who were married before the decrees were issued will be married now, new marriages will be void, and it will be unlawful for the couples to continue to live together, and children born of these new marriages will be illegitimate.

"Even the legislature, in that case, will be unable to straighten out matters. It cannot impair the rights of the older contracts nor deprive the people who would have acquired property rights under the old condition of things of these rights. It could mitigate the evils which would be produced by upsetting such a long line of legal decision, but not cure them."

Kansas was not such a popular resort for parties seeking divorce as Oklahoma. But in that Territory it was recently decided that divorces granted in certain courts there where most of this business was done, were illegal. Dakota has not yet been heard from. Sioux City is now a famous resort for persons seeking a quick divorce. Some day we may hear that the matrimonial bonds nominally severed there are not severed at all. The social revolution promises to furnish an interesting chapter of history.

The Drift of Silver Dollars.

There are many who can remember when the Spanish milled dollar was current coin in the United States. All the smaller coins in general circulation were of Spanish origin. There were sixpences and ninepences every where in use. The United States accepted our currency the Spanish dollar and all the smaller silver coins. These coins came in by way of Spanish America. They went out of the country in the same direction. The Philadelphia Times brings together these facts:

"One by one the South American countries have been following the general advance of civilization in adapting their monetary systems to the gold standard. Brazil, Chili and Argentina, the three greatest of them, have already done so. Venezuela only the other day adopted the gold standard by constitutional amendment. And today we have a despatch from Colon that Costo Rica has decided to adopt gold as the basis of its currency and that "the entire country is in ecstacies because the present silver currency is to be called in.

"This will leave Mexico more lonely than ever in its adherence to the obsolete silver standard, unless Mr. Bryan and the Populists can have their way and the United States join Mexico and Peru, and a few small republics with no mints of their own, by restoring the dollar of the Spaniards."

If silver is so much more desirable than gold for circulation, why do these countries substitute a gold basis for a silver one. A short time ago all Central and South America had the silver standard. In those countries, if anywhere in the world, silver ought to have been a satisfactory currency. The fact that it is not suggests further enquiry.

From the Vineyards of Napa Valley

Instructor Hayne of the College of Agriculture at Berkeley, reports some interesting observations made on his tour of inspection on the vineyards in Napa Valley and contiguous districts. He finds that the grape crop has not been diminished by frost to so great an extent as was anticipated early in the season. He finds also that the phylloxera is making steady progress in that district. There are some resistant stocks that are a complete proof against this pest, while others once claimed to be non resistant, have been failures.

The Agricultural Department of the University recently imported 20,000 resistant cuttings. They are now rooting in the grounds at Berkeley, and will probably be sent out next year. Two other facts brought out are of importance. The vine disease prevalent in the region of St. Helena is not the "mysterious Anaheim disease," for which no remedy has ever been found, and which swept away 30,000 acres of vines south of Tehachapi. And lastly that prospects of wine makers have greatly improved, the quality of wine having increased fifty per cent during the last five years.

SILK GOWNS FOR GIRLS.

They Are as Cheap in These Days as Old-Fashioned Homespun.

Well-brought-up girls in our grandmother's time were taught that homespun gowns were good enough for them, and the dream of the young maiden's fancy was the far-off day when she might be permitted to have a silk dress and wear her gold ring. But that was the time when the markets were not so full of fine stuffs to be bought at possible prices as they are now-a-days.

In these days silk can be bought cheaper than so-called homespun, and the tiniest maids are often dressed in it. Even babes in arms have white silk slips that are no more expensive than fine nainsook or mull. And their waite faille silk cloaks are quite the ordinary thing.

Dark silk is one of the most serviceable materials for grown people's dresses, and is much used for traveling; and when the old folks begin to wear silk bathing suits it is high time that the little folks, and certainly the half-grown girls are allowed a chance at silk for their gowns.

For summer wear, silk is almost as cool as lawn, and wash silk is quite as serviceable, even for 10-year-old girls. For girls who are old enough to wear separate waists and skirts, a very serviceable dress can be made with woolen or alpaca skirt and waist of figured silk.

Skirts for girls in their teens should be stiffened and made to stand out with as much style as those intended for older people.

The waist need not be elaborately trimmed. Ribbon will be found sufficient decoration, if used for collar and belt. In the illustration the ribbon is put on in bretelles with bows on the shoulders and at the waist.

NOTES AND EXCERPTS.

The Rt. Rev. John Williams, bishop of Connecticut, is ill with sciatia at his home in Middletown, and has been compelled to cancel all his engagements. He is the oldest Anglican bishop in the world in time of consecration, and the presiding bishop of the house of bishops of the United States.

Dean Hole made a scene at Rochester cathedral on a recent Sunday. A canon whose business it was to read the first lesson omitted certain passages which he thought improper. The dean was to read the second lesson, but before beginning he solemnly read the passages omitted in the first lesson.

Father McGlynn, who has been so prominent a figure in the past, is now in charge of the country parish of St. Mary's, at Newburg, N. Y., but will probably be transferred to a city parish ere long.

Ex-Consul Waller of Madagascar notoriety intends to make his permanent home in Kansas City, Kan., where he will devote himself to the editorial management of the American Citizen, formerly the property of C. H. J. Taylor.

Hundreds of people visit the Hermitage Andrew Jackson's old Tennessee home, every month, and the income derived from the admission fee of 10 cents is a very neat source of revenue to the association that keeps the house in repair.

Prince Bismarck used to be very fond of brandy. When he was going to the war in 1870 his youngest son asked him how long he was to be away. He replied that he did not know. At that moment a servant came in to inquire how many bottles of cognac were to be packed up in the Prince's luggage." Twenty-four," was the answer. "Ah, papa," cried out the "terrible infant," "now I know how long you are to be from home—twenty-four days."

Scott Hayes, a son of ex-President Rutherford B. Hayes, is connected with an electrical company in Cleveland. Not long ago he was a party to a civil suit in which he was represented as counsel by State Senator Garfield of Ohio, a son of ex-President James A. Garfield. The sons of the ex-Presidents won their case. Young Garfield is becoming quite prominent in Ohio politics. He possesses much of the oratorical ability of his father, and strongly resembles him in personal appearance.

The Capabilities of Nothing

It is no marvel that so many persons should be ready to believe in free silver and other forms of fiat money. There is probably no truism which, considering its venerable antiquity, is more unpopular than the declaration that "out of nothing nothing is made." It strikes a large section of the people—for personal reasons, perhaps, for they have the requisite nothing—as a part of the general miscontrivance of things that this should be so. They hail with joy and are ready to accept without hesitation any statement of their leaders that there has been found a limitation to the application of this old proverb. There are many persons who are ready enough to laugh at the perpetual-motion crank who really holds the same view of mechanics as he does. They think that some mechanism can be invented which will give forth more power than is put into it. They hold this view, although their every day experience is directly against it. They are not few, they are legion. Persons with such hazy ideas make up the fiat money supporters. They think that legislation can get more value out of a thing than there is in it. Down with the proverb which sets the limitations upon the capabilities of nothing! With that barrier removed the period of universal happiness would come 'on the dead jump.'"—From the New York Tribune.

TEEMING WITH TROUBLE.

County Clerk Jordan Trying to Induce Voters to Register.

It Is a Hard Job to Get People to Understand the Transfers.

County Clerk Frank Jordan is leaving nothing undone to give assistance to those who desire to register. To secure copies or certificates of registration in other counties for people who are now residents in this county and for people of other counties who formerly resided here.

It is needless to say that this desire on the part of Mr. Jordan has given him a great deal of trouble and that his deputies in a measure experience some of the annoyance.

Deputy Clerk Mason has in charge the handling of requests of non-residents in Alameda County for certificates of former registration here. While about thirty of these applications are filed daily, in nearly every instance he has to write asking the applicants to give his former residence in this county. As a consequence, before the request can be complied with there must be an examination made by the Deputy of every precinct in the great register.

Mr. Jordan had postal cards specially prepared for the clerks of inquirers requesting them to forward to him immediately these cannot address while at this county as well as their present address and that then the request would be complied with.

These cards are now, in a measure, depriving a work because it is growing so near to the time for the close of registration that before they could be forwarded to the applicant and returned by him to the County Clerk with the requisite information, the prospect of getting the applicant's name on the roll would be greatly endangered.

There is another disadvantage resulting from this carelessness on the part of applicants for transfer registration certificates, namely, that where there is more than one person of the same name as that of the applicant in a precinct, there is no certainty as to which of the parties has removed and which still resides here.

In response to requests from people now in this county who formerly resided in other counties throughout the State, Mr. Jordan has received from various counties transcripts of registration there. These certificates are always kept in the Clerk's office and have never been called for by the people interested in them. These represent effort on Mr. Jordan's part which certainly will not be appreciated by the people in whose interest it was extended until it becomes too late for the names of the applicants to go on the great register.

WHISKEY AND WATER.

Evidences of a Drunk That Terminated in a Drowning.

A FLOATER IS WASHED UP.

The Unfortunate Man Appears to Have Been a Carpenter.

HIS IDENTITY NOT KNOWN.

His Body Was Found Today on the Alameda Shore.

The body of an unknown man was found at 8 o'clock this morning floating in the estuary near Hay & Wright's ship yards on the Alameda shore. Nees Lunde secured the body and telephoned to the Morgue, whither it was carried and where it now lies.

From a half emptied whisky flask and several wire nails found in the pockets of the clothing it is surmised that in life the man was a carpenter who fell into the water during a debauch. A watch carried by the deceased stopped at 25 minutes of 7 o'clock and as the body had not been in the water over two days it is figured that death came Tuesday evening at about the hour marked by the timepiece.

The remains are those of a man about 55 years of age, 5 feet 9 inches in height and of slender build. He wore a full dark beard streaked with gray, and his hair of the same color was thin on the pate.

Nothing found in the pockets would lead to establishing identity. Besides the bottle, some nails, a watch, a key, pipe and 40 cents in money was all the man carried.

His clothing was of a cheap quality. He wore a dark coat and vest, striped trousers and a checked blue and white gingham shirt.

The inquest will not be held for several days unless the body is identified.

WATCHING CUBAN BOATS

The Canadian Government Gives a Warning to Its Officials.

By Associated Press to The Tribune.

OTTAWA, July 23.—The Canadian Government has given strict instructions to Collectors of Customs at all Dominion ports not to give a clearance to any vessey entering outward for Cuba without first receiving authority for granting the same from the minister of customs.

It has come to the notice of the Canadian authorities that a number of vessels have left England with rifles and munitions of war on board for Canadian ports, to be re-shipped into another vessel and thus sent to the Cuban insurgents.

It is stated that a suspected steamer is now in the St. Lawrence River. The government has received information where several owners of Canadian steamers have been offered large sums of money if they would charter their vessels for a run to Cuba with war supplies.

TO REPORT FOR DUTY.

A Number of Naval Officers Are Heading for the Coast.

By Associated Press to The Tribune.

CHICAGO, July 23.—There is a party of young naval officers in the city on their way to join their respective ships in the Pacific.

Commander Reuter of the Detroit, one of the Asiatic squadron, is also at the hotel on the way to join his command. The party includes Assistant Engineer H. I. Cone of Florida, who is bound for the Philadelphia of the North Pacific squadron; Ensign S. E. Gelm of Michigan, who will be one of the crew of the Alert; Assistant Engineer L. F. James of South Carolina, who will join the Monterey in the North Pacific, Ensign Graham of the Oregon; Ensign W. P. Scott of the Yorktown, and Assistant Engineer Frank Lyon of the Oregon of the Asiatic squadron.

The presence of officers is explained by the general shaking up that takes place this month in the navy, accompanied by the transfer of many of the younger officers of the Atlantic squadron to the West.

KILLED BY A BLOW.

An Eleven Year Old Boy Murders a Youthful Comrade.

By Associated Press to The Tribune.

CHICAGO, July 23.—Harry Rudolph, aged 11, struck two blows with his puny fists last evening and his opponent, Grover Hanson, aged 9, fell dead at his feet.

The lads were having a boyish quarrel and young Hanson started to run. Rudolph followed in swift pursuit, catching the lad near the curb and struck him in the face and abdomen.

Little Hanson covered his face with his hands, fell backward and expired.

Young Rudolph was locked up. The physician who examined young Hanson gave it as his opinion that the lad died from cerebral congestion, resulting from a shock affecting the heart action. Rudolph was released upon a statement of the facts in the case to await the result of an inquest.

CRACK CARGOES.

The Queen City Breaks All Records on the Lake.

By Associated Press to The Tribune.

CHICAGO, July 23.—The steel steamer Queen City has again broke a cargo record. The amount given out by the tallymen when the spouts were taken from the hatches was 202,000 bushels of corn. This exceeds all previous records by 17,000 bushels on a draft of sixteen feet three inches forward and sixteen feet nine inches aft.

The Queen City broke the Lake Superior iron ore record on her trip from Two Harbors to South Chicago by carrying 4,067 gross tons on a draft of 14.4 feet. Her present cargo weighs 5,700 tons and would have loaded a hundred schooners of the old days.

Five years ago a cargo of half the size was considered a big load. It is without doubt the largest cargo ever carried on the lakes.

PINGREE'S PATCHES.

An Attempt to Make Money Out of Philanthropic Plans.

By Associated Press to The Tribune.

CHICAGO, July 23.—A local paper has the following special from Pittsburg, Pa.:

One of the greatest sensations in the history of alleged philanthropic movements in Pittsburg has just been unearthed. Some weeks ago a number of prominent men and women organized the Civic Club to help the poor on the Pingree Potato patch plan.

Owners of vacant land gave the use of it. Men were hired to do the plowing and considerable money was spent for seeds, etc.

Today the Civic Club presented the bills for the work to City Controller Curley and asked that the city pay them. The controller refused. He said the whole movement has passed along as philanthropic and that the attempt to make the city pay the bill is preposterous.

An Elderly Negro's Strange Influence Over a White Boy.

A Case That the Chicago Police Intend to Thoroughly Investigate.

By Associated Press to the Tribune.

CHICAGO, July 23.—The police are investigating a strange story just told them by 10-year-old Arthur Peterson. Young Peterson was arrested on the lake front. Moses St. Clair, colored, 51 years old, who was with the boy, was also arrested and locked up.

At the police station he refused to talk but the boy told Sergeant Murphy that in St. Paul, his native city, he met St. Clair who seemed to exercise a peculiar influence over him.

Less than a year ago young Peterson said he came to Chicago with St. Clair who told the boy, so the latter said, that if he attempted to leave him or told any one about the mistreatment he received he would kill him.

"Several weeks ago we went out to Oak Park and Austin," said young Peterson "and committed a number of burglaries in each place. St. Clair compelled me to assist him in these burglaries, telling me what to do. We got considerable valuable property, which St. Clair disposed of and then we went to New York. There we committed one burglary. We did not realize very much from it and St. Clair thought we had better come back to Chicago. We arrived in Chicago several days ago and I have been watching for an opportunity to get away from St. Clair."

Looking for Mrs. Coleman.

By Associated Press to The Tribune.

CHICAGO, July 22.—Captain Elliot has received a postal card from J. E. Coleman, box 281, Corning, N. Y., saying he would pay a liberal reward for the correct address of Mrs. Gertrude Coleman, who he thinks is employed by some dressmaker. No such name can be found in the directory, but the police will make an effort to find the woman as the writer says he has funds in trust for her.

The Island Empire Reaching Out for Western Commerce.

Over $68,000,000 Exports Were Handled During Last Year.

By Associated Press to The Tribune.

WASHINGTON, July 23.—Consul General Mclvor at Managua has forwarded to the State Department tables showing the foreign trade of Japan for 1896.

In these tables the Japanese silver yen has been taken as equivalent to 51 cents, this being its mean value during that year.

The total value of exports was $68,033,662 and of imports $65,922,895. Of this amount the United States is credited with $27,554,764 for exports and $4,730,943 for imports.

The customs duties collected were for exports $1,159,281; imports, $2,161,809; miscellaneous, $88,045, making a total of $3,409,135. During the year 1,863 steamers and 1,000 sailing vessels entered the ports of Japan from foreign countries, of these 96 were American, 987 British and 371 German. Forty-nine American steamers and sailing vessels were engaged in the coastwise trade of Japan as against 761 British, 104 French and 181 German.

Japan exported $1,423,895 gold and $12,499,670 silver bullion. She imported bullion to the value of $525,235 in gold, $2,470,538 in silver.

FELL FROM THE SKY.

A Mass of Burning Matter Hits a Mexican Mountain.

The Meteor Badly Scares Natives in the Rural Districts.

By Associated Press to The Tribune.

CITY OF MEXICO, July 23.—The Government will not accept Minister Romero's resignation, holding him in too high esteem as a successful diplomat to allow him to retire at the present and regarding him as possessing the good will of the American Government and people. Romero started for Washington at once.

A company of Americans will develop the water power at the mouth of the great drainage tunnel and it is believed power can be utilized for lighting the city.

A remarkable phenomena at the mine of Santos Reyes, in the State of Chihuahua, occurred. At 3 o'clock yesterday a tremendous explosion was heard and an enormous mass of burning matter was seen to fall from the heavens, striking the side of a mountain and bringing with it in its course entire cliffs, and finally plunged 700 feet into the ground, making a hole from which boiling water still issues.

One of the most singular phenomena observed was the heavy rain falling from the sky immediately after the descent of the meteor. The people are very superstitious as this is one of the many realizations of the prophecies of the vision seeing girl of Tobasco. The same meteor destroyed the house of a miner, killing his two children.

ROBERT EGBERT'S FUNERAL.

His Four Sons, in Accord With His Wishes, Acted as Pall-Bearers.

Many sorrowing friends gathered yesterday at the residence of Charles Egbert at 1523 Webster street to pay their last tribute to the memory of Robert S. Egbert, who died Tuesday at his Rio Vista Ranch.

Rev. J. K. McLean read the funeral services and by the request of the deceased his four sons acted as pall bearers.

Mr. Egbert was a native of New York. He came to California in forty-nine days and spent many years of his life in Oakland. Of late he lived most of the time on his ranch.

SUTER ON OUR HARBOR.

The Government Engineer Reports on Traffic Returns.

He Refers to the Complaints About the Estuary Draw Bridges.

Colonel Charles R. Suter who succeeded Colonel Mendell in charge of the improvement of Oakland Harbor, has submitted his report to Washington for the last fiscal year.

He first announces that the project for the improvement of the harbor entailed the construction of high tide jetties, the dredging of the channel 400 feet wide from the harbor basin to San Leandro bay and the construction of a dam and tide gate across the entrance to this bay so as to divert the flow of the ebb tide to the canal and out through Oakland harbor.

In the work so far done, says Colonel Suter, the jetties have been completed, the tidal canal has been begun at both ends, but not completed; the tidal basin in the harbor has been dredged to a depth of three feet below low water; a channel 200 feet wide and eight feet deep has been along the East Oakland front and a channel 300 feet wide has been dredged from Webster street bridge to the end of the jetties. This channel varies in depth from fourteen at low tide through the jetties and 20 feet above, except for a distance of 1,500 feet, where only 18 feet has been obtained. At high tide vessels drawing nineteen feet can enter the harbor and pass up to the Oakland wharves.

Colonel Suter says that complaints were made by the navigation interests in reference to two draw bridges across the harbor at Webster and Alice streets. These were investigated and as a result the Secretary of War has ordered a reconstruction of both bridges, with draws of 150 feet clear span, to be opened and closed by other than hand power.

A statement accompanying the report shows that in 1895 there were 37,858 passengers and 2,188,778 tons of freight transported by the ferries in the harbor and 349,788 tons of freight carried in other vessels.

A SERIOUS SHOOTING.

A Woman Killed as the Result of a Family Row.

By Associated Press to The Tribune.

CINCINNATI, July 23.—Early this morning six shots were heard at the residence of William T. Wiley, ladies' tailor and furrier, on West Fifth street.

Mrs. Wiley was found bleeding from six bullet wounds and her husband unconscious with a bullet hole in his right temple.

The woman died on the way to the hospital.

Wiley's wound was superficial, the ball glancing off the skull.

The couple, after frequent quarrels, separated but began to live together again about three months ago.

Wiley says his wife shot him. He then seized a weapon and fired at her.

KILLED FOR $42.

The Murderer Expiates His Crime Upon the Scaffold.

By Associated Press to The Tribune.

BRAINARD, Minn., July 23.—At five minutes after 1 this morning John Pryde, who murdered Andrew Peterson five months ago, was hanged in the County Jail.

Peterson was Pryde's friend and was murdered for $42.

Pryde, whose real name was John E. Miller, made a full confession.

An Oaklander's Progress.

Percy W. Lewis, son of Dr. W. F. Lewis of this city, and a member of the class of '98, University of California, is being very successful in the business world of the East. He has recently been elected a Director and Secretary of the Northwestern Lime and Cement Company of St. Paul, Minnesota. Mr. Lewis has been for a year an employe of the company, which is one of the largest in the Northwest.

Alameda's Day.

A number of the Directors of the Oakland Exposition attended a meeting at the City Hall, Alameda, last evening, in order to arrange for Alameda Day. Dr. Tom Carpenter was made Chairman and J. E. Barber was made Secretary of the Alameda Committee. Speeches were made by M. J. Keller, Craigie Sharp, John T. Bell and others.

Alameda will probably have a separate section in the Exposition for the display of the city's products.

The Boys' Brigade.

The Boys' Brigade Companies of Oakland, Berkeley and Alameda will unite in giving an entertainment in Armory Hall, Alameda, August 6th, entitled "A Day in Bohemia." Life in the gay Camp Bohemia will be pictured by a series of tableaux with incidental music.

A Colored Suffragist.

Miss Naomi Anderson, a colored woman, who is a trained elocutionist and an eloquent speaker, will stump the State in the interest of the suffrage movement. She will arrive in Oakland next week and will remain here for ten days, delivering speeches in favor of political equality.

Captain Talbot's Funeral.

The funeral of the late Captain Enoch S. Talbot will be held tomorrow at 2 P. M. from the Tenth Avenue Baptist Church.

POINTERS ON POLITICS.

Zouave Populists Are Ready for an Active Campaign.

Local Prohibitionists Will Not Secede From Their Adopted Party.

The Young Men's Populist Zouave League, met last evening in Becker's Hall on Washington street. The attendance was good and interesting speeches were made. The prevailing idea, from the remarks of the orators, was that the Populists should not support Bryan on the platform issued at the Chicago Convention, but providing he comes out squarely on the Omaha platform, endorsement was favored.

The League is growing in membership rapidly. Six new members were admitted last night. They are: W. S. Lewis, A. N. Denison, W. Matthews, W. R. Batten, J. E. Wheeler and O. F. Young.

The new Zouave uniforms are very neat and the club makes a splendid appearance. The officers of the brigade are C. E. Gardner, Captain; J. F. Faulk, First Lieutenant; T. J. Thompson, Second Lieutenant; J. Palmbaum, Corporal of the Guard; George W. Butner, Commissary Sergeant; S. W. Heller and James Hopkins, Color Bearers.

Prohibition Troubles.

The split in the Prohibition party ranks, arising from the differences of opinion between the "broad and narrow gauge" members terminated in a number of resignations at the State Central Committee's meeting in San Francisco yesterday.

Those present from Alameda County were: Charles Chester, C. N. Montgomery, J. Humphreys, P. Meads, T. L. Hirshy, Mrs. G. B. Traynor, W. P. Crowhurst, Rev. W. H. Bowen, and A. Calhoun.

Over half of the members of the State Central Committee tendered resignations as did also several nominees. However none of the Oaklanders joined in the desertion.

S. P. Meads was made a member of the Auditing Committee and also Vice President.

Registration Nearly Over.

The last days for registration are rapidly approaching. The rolls close on August 9th and those who do not take time by the fore lock, will not be able to vote at the Presidential election.

For the Assembly.

Valentine G. Hush is announced as a candidate for the Assembly in the Forty-First District. Mr. Hush, who is a Republican, served for years in the Minnesota Legislature. He has resided in Fruitvale for the past eight years and is well and favorably known throughout the community.

Thomas Pearson, the colored orator, is out for the Assembly in the Forty-Eighth District.

The Peoples' Express.

The popular People's Express Company has moved its office quarters into the brick building at the northeast corner of Ninth street and Broadway. HE CAN READ THE MIND.

Tyndall Will Be One of the Attractions at Cook's Benefit.

Things Theatrical That Are Now Before Local Pleasure Seekers.

Alexander J. McKerfer Tyndall, who will be one of the features of the big programme arranged for next Tuesday evening at the Macdonough, will be remembered as the wonderful mind reader who, about five years ago, made a sensational drive in search of an article hidden by a committee of prominent Oaklanders. Bandfolded, and with nothing to guide him but the unspoken thought of the party who concealed the object, he drove rapidly over the circuitous route selected by the committee, dashed directly to the appointed spot and without a moment's hesitation discovered the object of the search. In tests of a similar nature he has never failed, and he created intense excitement in San Francisco by driving with rapid speed through the crush of vehicles on Market and Kearny streets, guiding the horses with unfaltering precision and without accident, though deprived of the use of eye-sight by thick bandages of cotton. In recent years he has developed new and extraordinary powers, and his performance of marvelous psychological and mentalistic feats has astonished thousands of people.

A host of other talent will also appear, presenting a programme rich in entertainment. The sale of seats opened this morning to a brisk demand, and the great attractive merit of the performance insures a large crowded house.

THE OAKLAND.

"Nobody's Claim" continues to enjoy popularity at the Oakland Theater. J. J. Dowling and Myra Davis, assisted by the full strength of the Bacon Company, give a very careful performance and from an artistic standpoint meet all expectations.

The many exciting situations heightened by the appropriate scenery maintain interest throughout.

BERKELEY NOTES.

Delegates Chosen for the Fire Convention Tomorrow Night.

BERKELEY, July 23.—The South Berkeley Fire Department has selected the following delegates to the convention at the Town Hall tomorrow evening: S. H. Shedd, J. W. Miller, J. J. Rose, P. J. Lough and E. Boag. The convention is held for the purpose of electing a Chief of the department. A new 2½ inch hose weighing 100 pounds and measuring 3125 will be hung some time this week. The company has also decided to arrange a stage at one end of the hose house.

The Live Oak Department has elected the following delegates: Joseph Stoplan, L. H. Rodgers, F. Waterbury Jr., Walter Lane and F. Dixon.

MISS FELTON RETURNS.

Miss Katherine Felton who won the medal at the State University last year has returned to Berkeley from Chicago where she has been attending the Chautauqua Conventions. She will resume the University work in order to take a post graduate course.

SUSAN ANTHONY THERE.

The Salvationists Have an Unusually Good Programme Today.

The Salvationists at Trestle Glen have a big programme on hand today. Susan B. Anthony is speaking this afternoon and at night Commander Booth-Tucker will arrive to preach.

Booth-Tucker will conduct services every day until the close on Sunday. On that day special features have been arranged, chief among which will be a double wedding. This is set for 3 o'clock and four of the principal officers of the California division are to be united in the bonds of wedlock by the Commander. As this will be the first wedding at which Booth-Tucker has officiated in America, additional interest is attached to the event.

On Sunday a small admission fee will be charged at the gate. This is deemed necessary to clear at the presence of a rough crowd and it will also be useful in defraying the camping expenses.

ORDINANCE NO.—An ordinance providing for the subpoenaing of witnesses and to compel their attendance before the City Council or any Committee thereof, and providing a penalty for disobeying such subpoena.

Be it ordained by the Council of the City of Oakland as follows:

SECTION I.

A subpoena requiring the attendance of any witness before the Council of the City of Oakland, or a committee thereof, may be issued by the President of said Council or the Chairman of any Committee before whom the attendance of the witness is desired, and it is sufficient if

First. It states whether the proceeding is before the Council or a Committee.

Second. It is addressed to the witness.

Third. It requires the attendance of such witness at a time and place certain.

Fourth. It is signed by the President of the Council, or Chairman of a committee.

SECTION II.

The subpoena may be served by any person over the age of eighteen years, and his affidavit that he delivered a copy to the witness is evidence of service.

SECTION III.

If any person neglects or refuses to obey such subpoena, or appearing neglects or refuses to testify, the Council may by resolution declare him guilty of contempt.

SECTION IV.

Any person guilty of contempt as aforesaid shall be prosecuted in the Police Court and punished by a fine not exceeding one hundred dollars for each offense, and in default of payment thereof by imprisonment at the rate of one day for each two dollars of such fine remaining unpaid.

SECTION V.

This ordinance shall take effect immediately.

PROPOSALS for sweeping and cleaning the bituminized streets of the City of Oakland.

Department of Public Works, City Hall, Oakland, Cal., July 21, 1896.

In accordance with resolution No. 2420 of the Board of Public Works, sealed proposals will be received in open session of the Board of Public Works, at their office in the City Hall, on Tuesday, the 4th day of August, 1896, from 7:30 to 8:30 o'clock P. M., for the sweeping and cleaning of public streets in and for the City of Oakland, which are or may be paved with bituminous rock during the fiscal year 1896-97.

All work done to be executed in accordance with the following specifications, to-wit:

Specifications—The work to be done consists of sweeping and cleaning, with good effective machines, the public streets of the City of Oakland that are paved with bituminous rock, or those which may be hereafter so paved.

Bidders will be required to estimate and state in proposals the price per lineal mile for which they will sweep and clean the streets and portions of streets as herein specified. The said streets to be swept eight or more times per month, at such regular intervals during the month as may be designated by the Superintendent of Streets.

The Board of Public Works and the Superintendent of Streets may suspend sweeping and cleaning on any street or portion of street named in the following schedule, when in their judgment such sweeping and cleaning is unnecessary. They may also order any streets or portions of streets not included therein swept and cleaned at the same rate and price.

Schedule of streets:

East 12th from 11th avenue to 13th avenue, 660 ft.

11th avenue from East 7th to East 14th, 740 ft.

Knox place from Telegraph avenue to Grove, 755 ft.

Grand avenue from Webster to Boulevard terrace 865 ft.

All said sweeping and cleaning must be done between the hours of ten (10) P. M. and six (6) A. M., unless by special permission of the Superintendent of Streets to do otherwise, and the said work, as hereinafter specified, to commence on and after the signing of the contract and to continue for a period of time ending June 30, 1897 or until such time thereafter when the said work shall have been advertised and awarded for the fiscal year 1897-98.

The contractor will be required to comply with such regulations governing the work as the Superintendent of Streets and the Board of Public Works may provide.

Sweeping—The streets to be cleaned in the following manner: Each street or portion of street to be sprinkled by a watering cart when and where necessary; the entire surface of the roadway (unless prevented by obstructions) to be thoroughly swept from the center toward the gutters and the sweepings to be collected by hand and immediately removed from the street, and should any of the sweepings be deposited upon the sidewalks or remain in the gutters or upon the crosspool covers at the corners of the streets the same must be swept off by hand and removed at the same time as the rest of the sweepings, prior to 6 o'clock each morning, and all the work to be done to the entire satisfaction of the Superintendent of Streets and the Board of Public Works.

The contractor will be required to report in writing to the office of the Superintendent of Streets, by 8 A. M. daily, the streets or parts of streets cleaned during the twenty-four hours preceding.

The Superintendent of Streets, or a deputy designated for that purpose, shall make examination daily of all the streets or parts of streets so reported as having been cleaned during the last preceding twenty-four hours, and if the Superintendent of Streets is satisfied with the manner in which said work has been performed, he shall enter in a book kept for that purpose the name of the streets and parts of streets, with the lineal feet in measurement of the work so accepted.

If upon such examination the Superintendent of Streets, or his deputy, shall find that the streets or parts of streets directed to be cleaned and as reported by the contractor as having been cleaned are not thoroughly swept and cleaned to his satisfaction and approval, he shall make a statement in writing of such work as has not been done to his satisfaction and deliver the same to the contractor upon the same day, and the contractor shall not be credited with the same, or allowed any payment therefor. Should the contractor feel aggrieved by reason of such action of the Superintendent of Streets, he may appeal therefrom to the Board of Public Works at their next meeting, who, after examination, may remedy and correct the action of the Superintendent of Streets, and the decision of said Board shall be final and conclusive in the matter.

If the decision of the Superintendent of Streets is sustained upon such appeal, the contractor shall forthwith proceed to clean such streets or parts of streets not cleaned as aforesaid to the satisfaction of said Superintendent of Streets. If the contractor shall fail to perform said work as aforesaid, to the satisfaction of the Superintendent of Streets, then the Superintendent of Streets shall forthwith report such failure to perform said contract to the Board of Public Works, and after examination if it shall appear that the contractor has neglected or failed to perform all of said work, then the Board of Public Works shall terminate the contract and institute proceedings to collect the amount provided for as liquidated damages in the bond hereinafter mentioned, executed for the due performance of said work.

The contractor will be required to clean all such streets and parts of streets, as designated by the annexed schedule, and by the Superintendent of Streets, in pursuance thereof, provided that, whenever, in the judgment of the Superintendent of Streets and the Board of Public Works, inclement or rainy weather render the sweeping and cleaning of the streets inexpedient, the work shall be suspended by the contractor on notification to that effect; also provided, that when the pavement of any street, or parts of streets, becomes too much broken to be properly swept, such street, or portion thereof as may be in bad repair, shall not be swept during the time the same shall be out of repair.

The contractor will not be required to remove any sand, dirt or rubbish placed upon any street by railroad companies in the laying and repair of tracks, or by any individual or corporation engaged in laying pipes, sewers or other work, by reason of which sand, dirt or rubbish shall be deposited upon the street.

The number of miles of streets swept and cleaned during the month shall be made out at the end of each month from the book of record kept by the Superintendent of Streets, and payment made monthly therefor at the rate per mile of the accepted bid.

Terms of Bids—Bidders will state in proposals a price per mile for sweeping and cleaning the bituminized streets in accordance with specifications.

The estimated number of miles of sweeping and cleaning of the streets per month is 100 miles.

All work done to be subject to the approval of the Superintendent of Streets and to the satisfaction of the Board of Public Works.

All bids must be made upon the blank forms of the Board, which will be furnished upon application by the Secretary.

All bids must be accompanied by a check certified by some responsible bank, made payable to the order of J. W. Tompkins, Clerk of the Council, for not less than ten per cent of the proposal, which check shall be forfeited to the City of Oakland should the bidder receiving the award fail within ten days to enter into a contract and furnish a good and sufficient bond in a sum not to exceed $1000.00 for the faithful performance of the same.

The Board reserves the right to reject any or all bids.

By order of the Board of Public Works.

N. W. SPAULDING JR., Secretary. 1

Notice of hearing appeal of Ross Morgan in the matter of sewering Prospect Ave from King St. to 13th Ave.

Pursuant to Statute and to Resolution No. 22245 adopted July 20, 1896, by the Council of the City of Oakland, notice is hereby given that Monday, Aug. 3d, A. D. 1896 at 9:30 P. M., in Council Chamber, City Hall, Oakland, Cal., has been fixed as the time and place for hearing the appeal of Ross Morgan in the matter of sewering Prospect Ave, from King St. to 13th Ave.

The appellant objects to the assessment issued by the Supt. of Streets upon the following grounds:

1st. The manner of and the amount of the bids per item are irregular and in the making of the assessment for the cost of the sewer, works a hardship upon the "frontage" which is neither in keeping with the letter nor the spirit of the street law.

2d. The number of branches required in the construction of the sewer is at the price bid for them unreasonable and excessive.

FRATERNAL NEWS

Sons of St. George Intend to Have a Royal Time.

INVITATIONS FOR TUESDAY.

The Turners to Congregate at the Santa Cruz Festival.

NOTES OF THE LODGE ROOMS.

United Workmen Going Ahead at a Rapid Rate.

Two events of more than ordinary interest are promised in the fraternal world within a short time. They are the grand lodge meeting of the Sons of St. George and the fest of the Central California Turnbezirk. The grand lodge meeting will be held in San Francisco and the turnfest in Santa Cruz.

In both of these events Oakland will appear with due distinction. Other interesting fraternal happenings of the past week will be found recorded below:

Sons of St. George.

On Tuesday next the grand lodge meeting of the Sons of St. George will be held in San Francisco. There will be in attendance delegates from Montana, the Hawaiian Islands, Utah, British Columbia, and California, those from this State coming from all the leading cities.

On the Pacific Coast, the order comprises about 3,000 members. The first lodge in California was organized on January 23, 1886, and the grand lodge jurisdiction was established in San Francisco April 24, 1889.

The forthcoming sessions of the grand lodge will be held in St. George's Club, 317 Mason street, San Francisco. Among the grand officers is James Hall of this city, who is chairman of the Reception Committee on this side of the bay. Under his management a banquet will be tendered the delegates in the Galindo Hotel next Tuesday evening. Among the speakers on that occasion will be Congressman Hilborn, who will respond to the toast of "The President of the United States." The other musical and literary features of the evening will be as follows: Quartette, "Breeze of the Night," Messrs. Oakes, Clift, Hall and Trow; toast, "Her Britannic Majesty," D. Edward Collins; song, "Rule Brittania," J. R. Horton; toast, "Order Sons of St. George," John M. Day of San Jose; vocal solo, "Death of Nelson," Walker; toast, "The Land We Live in," Hon. William R. Davis; song, "The Holy Friar," C. L. Trow; toast, "The Anglo-Saxon Race," Rev. Josiah Sims of Nevada City; song, Selected, W. J. Oakes; toast, "Our Public Institutions," Hon. George C. Pardee; song, "The Armorer's Song," Williamson; toast, "Kindred Organization," Judge Gibson; song, "Claude Duval," Harry Richards; toast, "The Ladies," J. Perry; song, "Sally in Our Alley," H. M. Baker; toast, "The Press," J. T. Bell; trio, "Mynheer Von Dunck," Oakes, Clift and Trow.

Daughters of St. George.

The entertainment given by Golden Gate lodge of this city last Friday was quite a success.

Shortly after 8 o'clock Mrs. Geo. Orton called the meeting to order. Addresses, recitations, songs and instrumental selections were rendered and appreciated. Shortly before 10 o'clock ice cream and cake were served and a good social hour then was proceeded with and brought to a close one of the best entertainments ever given in the city.

The Turnfest.

The Central California Turnfest will be held in Santa Cruz beginning on the 8th and continuing until the 11th of next month. Elaborate preparations are now being made for the occasion and the programme of exercises will be among the most interesting that has yet been arranged in connection with one of the gatherings. There will be a variety of athletic acts, in which the picked men of the competing vereins will take part. There will be prizes for the vereins showing the greatest proficiency in the gymnastic events, as also for those of their members who display ability in the acts.

The organizations which have thus far signified their intention of taking part in the fest are as follows: Turn Verein, Turn Verein Eintracht, Turn Verein Vorwaerts, Mission Turn Verein, all of San Francisco; Turn Verein, Sacramento; Oakland Turn Verein; Turn Verein, San Jose, Stockton Turn Verein; Napa Turn Verein; Santa Cruz Turn Verein, and Marysville Turn Verein. It is expected that there will be in attendance not fewer than 1,200 Turners, 500 singers, 300 members of Schuetzen Vereins, together with a very large number of people from all parts of the State.

The members of Oakland Turn Verein are practicing for this event with a great deal of energy under the direction of Paul Ueh. This Verein has succeeded on various occasions in coming away in these annual fests with a number of verein and individual prizes and hopes this year to repeat its success in the past.

The members of the team have not as yet been decided upon but there is reason to believe that among the members will be Charles Steinbeck, Ernest Rehor, William Reugk, John Will, Alfred Rich, Fred Koenig, J. Baumgarten, I. Korn, H. Lowy, A. Nicolaus.

The president of the Verein is Theo. Gier, the secretary Herman Pflug, and the treasurer A. A. Kayser.

Grand Army of the Republic.

Lyon Post meetings are now more largely attended by members than they were before the suspension of the organization. More enthusiasm is displayed and in every way an improvement has been made in the organization. At the last meeting, Tuesday evening, six applications for membership were received. This is an unusual thing in a Grand Army Post at this time, and, in this connection has special significance. The applicants are all old soldiers who have heretofor affiliated with Posts of the order in San Francisco, although they resided on this side of the bay. They have withdrawn their cards from the other posts with a view to identifying themselves with Lyon Post for the purpose of showing their appreciation of the stand of that organization in the recent controversy with the management of the Home at Yountville, even though the dispute was attended by the suspension of the Post. It is understood that other members of San Francisco Posts are also to affiliate with Lyon Post at the next meeting.

The Elks.

The Tribune, in its fraternal department of a week ago, referred to the fact that in the late election of grand officers of this order none of the leading positions fell to persons nearer to the Pacific than Omaha, Nebraska.

While this fact is somewhat to be regretted, because of the recent advancement which the coast has made in extending the order, there seems now to be good reason to believe this part of the country will be remembered by being given representation on some leading committees of the order, and that the position on those committees will be given to members of the organization who are resident in this city. Official information on this subject is expected almost at any moment and upon its receipt will be published in The Tribune.

There is trouble among the brethren on the other side of the bay. It is asserted that a new lodge is to be established there and that Golden Gate lodge, which has been in existence for some time, will be knocked out of existence.

Grand Exalted Ruler Detwiler is on his way to the coast to make inquiry into the troubles in the order which have originated in San Francisco. It is expected that he will be able to bring order out of chaos and that the misunderstanding which now exists there will be satisfactorily adjusted and that the affairs of the order will again be administered in the quiet and peaceable manner characteristic of Elkdom.

Foresters of America.

Court San Leandro No. 74, F. of A., will celebrate its fourth anniversary at U. P. E. C. Hall, San Leandro, on the evening of July 27th. The committees having the matter in charge are working hard and there is no doubt that the occasion will be a most enjoyable one.

Last Wednesday evening several Foresters of Pleasanton drove to Niles and conducted initiatory services in Court Alisal at the latter place in a very successful manner. The leader in the initiatory work was Frank Lewis, who had gone to Niles on the evening train, while the others taking part in the exercises traversed the distance between the towns in a capacious carryall. After the installation there was a banquet, which was greatly appreciated by all. The members from Pleasanton in attendance were F. Lewis, Lee Wells, C. S. White, W. H. Donohue, F. Snarey, B. Carroll and W. Hahn.

Native Sons.

Alameda Parlor No. 47, N. S. G. W., of Alameda, held a public installation of its officers in Armory Hall a few nights ago. This was the first entertainment of the kind that has taken place in that order of Native Sons in the Encinal. Each officer ascended the stage and received the charge from the installing officer and was invested with the regalia of his office, after which he took his allotted position. The installation was conducted with all the solemnity and significance of the ritual of the order.

The installing officer was W. H. L. Barnes, District Deputy Grand President and a member of Piedmont Parlor No. 120 of this city. Assisting him in the installation was J. J. Nagle of the same parlor as Grand Marshal and J. E. Larue of Brooklyn Parlor No. 151, also of this city, in the capacity of Grand Secretary. District Deputy Grand President Joseph R. Knowland of Halcyon Parlor of Alameda occupied a seat of honor on the stage.

The officers installed were as follows: J. J. Flynn, Past President; C. M. Day, President; J. F. Hanson, First Vice-President; Max Glas, Second Vice-President; William Bolte, Third Vice-President; R. H. Fallmar, Marshal, T. R. Hanson, Recording Secretary; Max Gundlach, Financial Secretary; O. A. Bremer, Treasurer; T. H. Smith, Outside Sentinel; Louis Probst, Inside Sentinal, and Dr. W. M. Pond, Surgeon.

The installation was followed by an entertainment. Tye and Smith of the Acme Club of this city gave a spirited exhibition of boxing, and were followed by Skamberg and Coulen of the same club, who showed their proficiency as amateur wrestlers. E. J. Erickson convulsed the auditors with his remarkably clever imitations of birds and animals. Toohig, McNally, Cook and Stegeman, also of the Acmes, gave an exhibition of acrobatic work.

Odd Fellows.

Wednesday evening the newly elected officers of Pleasanton lodge No. 255, I. O. O. F., were installed by District Deputy Grand Master Crooks of Haywards. The new officers are: C. H. Dall, N. G.; Ed Head, V. G., H. Detjens, R. S.; H. Sinclair, P. S.; J. W. Hortenstine, Treas.; J. H. Neal, Warden; H. C. Minick, Cond.; J. R. Palmer, R. S. N. G.; H. Reimers, L. S. N. G.; Chas. Starr, I. G.; Joe Rose, R. S. V. G.; Geo. Lopas, L. S. V. G.; Claus Meyer, L. S. S.

The Rebekahs.

The newly elected officers of Aqua Pura Rebekah lodge, Irvington, were installed Tuesday evening. Among the visitors present were State President Marion Greenwood, Grand Treasurer Leise, D. D. G. M., Sister Savage, and District Deputy Sister Coffman. At the conclusion of the business of the evening all repaired to the banquet hall, where a repast was served.

Knights of Pythias.

Oakland lodge No. 103 last Friday night, acted upon one application for membership and advanced to the rank of Esquire Page Kollick.

The announcement having been made that Esquire Sauleres was awaiting to receive knightly honors, the lodge reopened in the Knight rank, and assisted by its fine team, conferred that beautiful work in amplified form on the candidate. Brother David Borland deserves special credit for the able manner in which he manipulated the stereopticon during the ceremony.

Owing to the absence of a member of the team, Brother Stokesberry, who was present from Nebraska lodge No. 1 of Omaha, kindly volunteered to take the absent member's place. Brother Stokesberry acquitted himself in very creditable manner.

An invitation has been tendered to the team of Oakland lodge to visit the brethren in the city of San Jose, to confer the Knight rank in amplified form.

Under the head of Good of the Order C. C. Young of Live Oak lodge No. 17, made a few remarks, eulogising the team on its proficiency in its work.

Brother Stokesberry enlarged on the progress of Pythianism in his native city, Omaha, and the new-fledged Knight, Brother George Sanders, entertained the lodge with a comic ditty entitled "Have You Seen O'Hara?" for which he received a round of applause.

Tomorrow night the Knight rank will be conferred in amplified form.

Live Oak lodge No. 17 last night conferred the Page rank on Stranger Spurawasser.

Thursday evening District Deputy J. W. Robertson installed the following officers of Centerville lodge No. 170, K. of P., for the ensuing term: C. C., P. Mathiesen; Vice C., Ferd. Salz; M. of W., I. W. Emerson; Prelate, Rev. Crump, M. of E., S. Sandholdt; M. of F. A. F. Eggers; K. of R and S., F. M. Smith; Mast. at A., B. Emerson; I. G., J. D. Norris; O. G., C. A. Plummer.

Rathbone Sisters.

Calanthe Temple No. 6, Order of Rathbone Sisters, will have an initiation tonight at old Grand Army Hall, Thirteenth street, and several applications for membership will be received. The prospects of a large increase in membership this term is looming up for the Temple. Thursday night, July 30th, the Temple will have one of its regular dime socials and entertainments.

Knights and Ladies of Honor.

A union meeting of the lodges of Alameda County was held at Berkeley on the 13th inst. It was opened by Dr. Farrar, protector of Berkeley lodge. Grand Protector Laradet was present and installed the officers of the four lodges, viz: Oakland, No. 937 of Oakland; Palmetto, No. 1888, of Alameda; Seal Rock No. 1889, also of Alameda, and Berkeley No. 1941 of Berkeley.

None of the officers were installed by deputies. Several of the grand officers were present and assisted the grand protector in the installation ceremony.

A jewel of the order was presented to Mrs. Bigler, Past Protector of Seal Rock lodge, by the members of that lodge and another was presented to Brother Flynn, Past Protector of Palmetto lodge, by the members of his lodge. The presentation addresses were made by Miss Gallagher and Dr. Keyes respectively. Past Protector Carrington, Grand Protector Lauder, Past Grand Protector Cumming, and Past Protector Farrar made remarks. A banquet was served after the installation.

Grand Protector Lauder visited Seal Rock lodge of Alameda on the evening of the 14th inst.

The following officers of Oakland lodge No. 935 were installed by Grand Protector Lauder at Berkeley on the 13th: Protector, J. A. Colquhoun; Past Protector, Mrs. Rose Carrington; Vice-Protector, F. J. Meckfessel; Chaplain, Mrs. F. J. Meckfessel; Recording and Financial Secretary, Mrs. May E. Cummings; Treasurer, J. B. Dixon; Guide, W. B. Greene; Guardian and Sentinel, H. K. Cummings.

Dr. Farrar, Past Protector of Berkeley lodge No. 1941, has been appointed a member of the Committee on Foreign Correspondence by Grand Protector Lauder.

The Tribe of Ben Hur.

A fraternal beneficial order styled the Tribe of Ben Hur has been organized with the Supreme Temple located at Crawfordsville, Indiana. It is said to be founded on the book written by Gen. Lew Wallace, entitled "Ben Hur, a tale of the Christ." The first court in the order was instituted March 1, 1894. An attempt is being made to introduce the order into this State.

Companions of the Forest.

Last Tuesday evening, Piedmont Circle, No. 164, C. of F., held its meeting at California Hall, on Clay street near Eleventh street.

The principal feature of the evening was a visit from the following Companions: Florence N. Morrow, Supreme Grand Secretary, and Mrs. A. E. Corwin, Recording Secretary, and Mrs. S. S. Bacon, Deputy, all of Loyal Circle of San Francisco; Mrs. V. Cervelli, Supreme Grand Guide, and a member of Mazzini Circle, San Francisco. They were given a pleasant reception by Piedmont Circle, and all present had a good time.

Piedmont Circle recommended Mrs. Morton as their Deputy, vice Mrs. Miller, resigned. The Circle will give a lemonade social and dance at College Hall on Wednesday evening, August 12th.

Catholic Ladies' Aid Society.

The C. L. A. S. would like through the Tribune to return thanks to M. H. Auerbach, Miss Gladys Worden, Ira C. Ladd, and Miss Nellie Gallagher of San Francisco, for the excellent musical programme rendered by them at Father Yorke's lecture, as also to Miss McNally, the accompanist. The next meeting of the society will take place Monday evening, July 27th, at Y. M. I. Hall.

Masonic.

Tomorrow evening the third degree will be conferred in Live Oak Lodge, No. 61.

On July 31st, Hon. E. M. Preston, Grand Master of Masons, will visit this Masonic District, and the third degree will be conferred by Live Oak Lodge on that occasion also. It is expected that other officers of the Grand Lodge will also be present.

Young Men's Institute.

At the meeting of Oakland Council, No. 6, held last Tuesday evening, Charles J. Harrington, who has held the position of President for the past two terms was presented with an elegant badge of the order by the members of Council No. 6. The presentation speech was made by the President, R. H. Hammond, who feelingly alluded to the work accomplished for the order by Brother Harrington.

The recipient of the badge was taken by surprise, and for once almost lost his power of expression. He however recovered sufficiently to thank the brothers for their appreciation of his efforts, and promised to be as faithful in the future as in the past.

During the month of August there will be a free lecture given under the auspices of Oakland Council, No. 6, by Past Grand President F. J. Murasky of San Francisco.

United Workmen.

Monday evening Oak Leaf Lodge No. 35, A. O. U. W., had an excellent attendance at its meeting.

The newly elected Overseer, Brother Colquhoun, was installed.

Past Master Workman Jacobsen was presented with a handsome Past Master's jewel, Grand Recorder Hirshberg presenting the gift on behalf of the lodge.

Brother Jacobsen's eloquent response in accepting the gift was heartily applauded.

Master Workman Dunton announced that next Monday evening Grand Recorder D. S. Hirshberg, late delegate to the Supreme Lodge, will deliver an address explanatory of the new classified assessment which is about to be inaugurated in the A. O. U. W.

Brother Preston made some able remarks upon the mode of classifying assessments, which showed that he had made a study of the important subject which is now agitating the order.

Past Master Workman Jacobsen stated that, upon first hearing of the acceptance of the classified assessment law, he was not very much delighted with it, but after studying the question thoroughly he had become one of its most earnest advocates.

Brother Mott, who has always advocated a system somewhat similar to that presented by the Supreme Lodge, predicted great and glorious times for the A. O. U. W.

Brothers Yehl, Fairchild and Harris also spoke in the same strain.

Master Workman Dunton announced that he will deliver an address before Oak Leaf Lodge Monday evening, August 3d, on the subject, "The Trials and Tribulations of an Old Californian Whom You All Know."

PACIFIC LODGE.

This evening, at Pacific Lodge, No. 7, A. O. U. W. Hall, 1169 Broadway, there will be a reunion of the members of the lodge in honor of the nineteenth anniversary of the institution of the organization.

It is expected that all of the charter members who are living and who reside in Oakland or vicinity, will be present, among them Past Supreme Master W. H. Jordan, who will respond to the toast "Our Anniversary." The toast, "Early Days of Pacific Lodge," will be responded to by Past Master William Winnie. Geo. W. Reed, P. M. W., will respond to the sentiment, "Those Who Have Gone Before." William Vinter, Grand Master Workman, will be present and respond to, "Our Order." "The Drill Team" will be the theme on which Deputy Grand Master T. S. Poland will dwell. Brother Poland is an adopted member of Pacific Lodge and a member of the Drill Team. District Deputy C. R. Haswell, who has recently taken unto himself a helpmeet, will talk upon "The New Woman and What I Think of Her."

There will be music by Professor Robert Hall, E. T. Taylor and T. Bornewitz. There has been considerable interest taken in the graded assessment plan, which goes into effect January 1, 1897, and Grand Recorder D. S. Hirshberg, who was present at the recent session of the Supreme Lodge at Buffalo, N. Y., will explain it in detail. The meeting tonight will be very interesting, and no doubt there will be a large attendance.

Degree of Honor.

Ivy Lodge, No. 4, Degree of Honor, A. O. U. W., had as usual a large attendance at its meeting last Wednesday evening.

Lady of Honor Mrs. Hodges appointed Sisters Reichman and Wilkinson as her Maids of Honor.

It was unanimously decided to give a banquet at the next monthly social, which will take place Wednesday evening, August 5th.

Chief of Honor Mrs. Moore appointed the following members as the Committee of Arrangements for the monthly social: Sisters Josie Buller, Marguerite Hannan, Ray Levy, Margie Oakes, Mrs. Reichman, Mrs. Wilkinson, Mrs. Holmes, Mrs. Van Court and Brother Marks.

It was announced that the installation of officers of Dawn of Hope Lodge, West Oakland, will take place next Saturday evening.

District Deputy Grand Chief of Honor Mrs. Eva Cogan will officiate.

Brother Joseph Harris delivered quite an interesting address upon the new classification system about to be inaugurated in the A. O. U. W. His remarks were loudly applauded. Brothers Ingler, Mitchell and Isaacs also spoke upon the same subject.

Dancing was indulged in and greatly enjoyed. It was announced that the testimonial benefit tendered to Sister Anna Donaldson by Ivy Lodge Dramatic Club will take place Friday evening, August 14th, at Elite Hall.

BRYAN AGAINST SUGAR.

The Democratic Nominee Is Against the Beet Interests.

Congressman Mercer in an interview says that in his opinion McKinley will carry Nebraska and refers to the matter as follows:

"Bryan's opposition, while in Congress, to the sugar bounty and the tax on sugar in the Wilson tariff bill has naturally injured his popularity. The people of Nebraska are very much interested in beet culture. Our State has two of the largest beet sugar refineries in the United States; the soil is admittedly better adapted to beet cultivation than German soil, as it contains more essential nourishment. The people are taking a great interest in the sugar industry, which is daily growing, and cannot be expected to feel kindly toward any one who is engaged in destroying the industry."

SNYDER'S SNUG FORTUNE.

How the Oakland Capitalist Disposed of His Estate.

A. J. Snyder, the capitalist, who died recently, left an estate valued at $325,000. It includes property on the corner of Tenth and Franklin streets, Ninth and Washington streets and on San Pablo avenue, together with bank stocks, mortgages and personal property. The Calistoga property belongs to the widow.

The heirs left include Miss Alice and Miss Lillian, Mrs. Emma Reinhardt, Mrs. Rebecca Wurts, Byron and A. J. Jr. and a granddaughter. The latter is the child of Mrs. Carrie Treadwell-Snyder, the widow of Sherman A. Snyder.

The widow has been left all the property and has been appointed executrix without bonds.

DESERVED HONORS.

John A. Britton Re-elected Secretary of the Coast Gas Association.

The Pacific Coast Gas Association has been holding its fourth annual meeting in San Francisco. John A. Britton of this city has been re-elected Secretary, and T. R. Barker has been made President in place of E. J. Jones, retired.

Mr. Britton read the principal paper at yesterday's meeting, on the "Municipal Ownership of Gas Plants." Mr. Britton's paper was a very clever article and ably set forth the objections to any municipality owning gas and electric works. He based his argument on his declaration that Governments wait until individuals take the risk of establishing a plant and then virtually confiscate the same by taking charge without first paying a sum of money equivalent to the cost and the business risk taken by the originators. He also declared that such institutions could be run cheaper by private corporations.

The association spent the remainder of the day experimenting with the cathode ray. The affair ended with a grand banquet at the Palace Hotel.

Reduction of the Salary Schedule on the San Leandro Road.

It Is Not to Effect Those at Present Employed on the Line.

The Oakland, San Leandro and Haywards Electric Railway has issued a new order which will effect the salaries of employees in the future. The order as issued makes the rates of all motormen and conductors 19 cents an hour for all men whose terms of service have been two years or under, 20 cents an hour for all who have been employed three years, and 21 cents for all who have served the company for four years. The former rate of wages was 21 cents an hour for all men irrespective of the term of service.

When the order was first issued, there was some doubt among the employees whether it would effect the men now employed but this morning the Superintendent announced that it would make no changes in the salaries of the present employees. New men will of course be paid according to the terms of the order.

Secretary A. L. Stone said today in regard to the reduction: "The new order will make no difference in the salaries of men already working for us except to give them an increase of one cent per hour after serving the company for five years. The order was adopted in order to protect the men and give fair wages.

The motormen and conductors appear to be satisfied with the new ruling and the talk of strikes which was prevalent late last evening when the men believed their salaries were to be reduced, has died out.

Little Progress Being Made in General Work Owing to the Hostilities.

STRIFE AT EVERY TURN.

Excited Delegates Beg the Party to Keep Out of the Democratic Band-Wagon.

By Associated Press to The Tribune.

ST. LOUIS, July 23.—The delegates both Populists and Silver were abroad early today. They gathered in groups arguing with one another and often becoming greatly excited.

The day began clear and hot.

The Middle-of-the-Road Populists, at least the leaders, appeared to realize this morning for the first time that they could not control the situation, and although the rank and file still cried for absolutely independent action most of the leaders were talking of a compromise on the basis of the Populist Vice Presidential nomination and a division of the electors.

They made many mistakes but perhaps none will prove more costly than the ignominious dumping of Ignatius Donnelly, whom they named as a candidate for Permanent Chairman for a man named Champion, of Maine, who is bitterly opposed to Sewall.

Donnelly's friends were disgruntled. Furthermore, Middle-of-the-Roaders cannot get control of the Committee which will formulate the line of action for the Convention.

The Bryan men consider they have Bryan's nomination practically assured, and are now working like beavers to save Sewall.

Should they be beaten in this, the chances seem to favor the nomination of A. L. Mimms of Tennessee.

A Middle-of-the-Road meeting was scheduled at the Convention Hall at 8:30 this morning, but it did not materialize.

A SULTRY START.

Oppressive Weather and Little Enthusiasm at the Opening.

By Associated Press to The Tribune.

ST. LOUIS, July 23.—The Populists began assembling in the Convention Hall shortly after 9 o'clock.

The air was extremely oppressive. Delegates with coats slung over their arms stood about discussing the situation.

The Middle-of-the-Road fellows could be heard above the music of the band.

The Texas delegation contains some of the most uncompromising men in the Convention, and they were mad at the prospect of being balked in their policy.

At 10:05, Senator Butler, the temporary Chairman, appeared on the platform.

Simultaneously the band struck up "Dixie" and the delegates uncorked some of their pent up enthusiasm.

The attendance in the galleries, as yesterday, was very thin.

TRIED A STAMPEDE.

Middle-of-the-Roaders Make a Raid but It Fails.

By Associated Press to The Tribune.

ST. LOUIS, July 23.—At 10.10 Chairman Butler called the Convention to order, and Rev. Mr. Smith offered an invocation for blessings upon the common country.

The report of the Committee on Credentials was called for.

No one responded and the States were called for members of the Committees on Permanent Organization and Resolutions.

After the announcement of the Committee on Permanent Organization, the members retired.

A squad of Middle-of-the-Roaders, headed by Delegate Branch of Georgia suddenly plunged into the hall through the main entrance whooping down the center aisle.

Branch bore aloft a big white banner with the inscriptions, "Middle-of-the-Road." "A Straight Ticket."

At the sight of it the Texas, Georgia, Maine, Missouri and Mississippi delegations mounted their chairs and yelled at the top of their voices.

At the same time a Middle-of-the-Road delegate stationed in the gallery over the platform hurled through the air about a peck of small green tickets which broke and fell like a cloud on the stage now over the pit.

The four delegations gave cheer after cheer but the others sat silently in their seats.

About a sixth of the delegates join in the demonstration.

The green tickets contained the following:

"Middle-of-the-Road: Our Financial Plank—We demand a National Treasury Note issued by the General Government received for all public dues and full legal tender in payment of all debts, public and private, and loaned direct to the people through postal and other Government banks at cost, for the benefit of the people; and the purchase and coinage of such an amount of gold and silver bullion, at a ratio of 16 to 1 as may be necessary to pay the debts of the Government which are payable in coin. We demand that the volume of money shall speedily increase to the amount necessary to transact the business of the country on a cash basis. Respectfully submitted for consideration of the Populist Convention.

"George M. Jackson, J. W. Dollison, Isaac McCracker, Arkansas."

A RESOLUTION ROW.

Objections to the Sentiments Expressed by the Press.

By Associated Press to The Tribune.

ST. LOUIS, July 23.—The Credential Committee appointments were completed at 11:45.

Delegate Dixon of Oklahoma then mounted the stage and introduced Clarence E. Homily of Oklahoma, who regaled the convention with campaign songs, which were loudly applauded.

An Alabama delegate introduced "Mistress Pennington," a sweet campaign singer of Arkansas. She sang in a pleasant soprano a parody on "Yankee Doodle Dandy," each verse of which concluded: "Yankee Doodle, get your gun, shoot the gold bugs every one, Yankee Doodle Dandy."

Delegate Crawford of Kansas moved that the delegates of the Silver Convention be admitted on exhibition of their badges.

There were many yells of "No, No," from the Middle-of-the-Roaders.

Sergeant at Arms McDowell said it was impossible to carry out such instructions.

Thereupon Jerry Simpson mounted a chair and said it was no more than common courtesy to extend to the other convention, which was here in a common cause, the same privilege which it extended to the delegates of this convention.

Chairman Butler ruled that during the from the straight-outs, ruled the motion out of order.

Washburn of Massachusetts from the stage announced that he had an important resolution to offer. It was as follows:

"Whereas, We are all Populists and deprecate the talk which has appeared in some newspapers that there is a disposition on the part of any portion of this convention to refuse to abide by the action of this convention; therefor

"Resolved, That we repudiate all such utterances as a reflection upon the fidelity of the members of this convention and of the Populist party."

Washburn said the question of preserving the organization of this "grand party" was vital and called for full discussion.

A storm of protests came from the Middle-of-the-Roaders.

One made the point of order that before the convention was permanently organized no such resolution could be acted upon.

A Connecticut delegate named Henry C. Baldwin shouted: "If the papers say we are asses, shall we pass a resolution saying we are not?"

Chairman Butler moved that during the temporary organization a resolution could be passed expressing its sense.

Thereupon Congressman Howard of Alabama moved to refer the resolution to the Committee on Resolutions.

Delegate Branch of Georgia followed with a motion to table the whole subject.

There was a great deal of confusion as a vote was taken viva voce. Chairman Butler deciding the motion carried.

Delegate Willis of North Dakota moved to take a recess, but the crowd, desiring more music and speeches, voted the motion down, although the announcement was made that it would be 3 o'clock before the Committee on Credentials could report.

After more music, at 12:42, another motion to take a recess until 3 o'clock was made and it carried.

A POINT FOR BRYAN.

General Weaver of Iowa Is Chosen Chairman of the Committee.

By Associated Press to the Tribune.

ST. LOUIS, July 23.—The Populist Committee on Platform met at the Londell Hotel today immediately after appointment.

General J. B. Weaver of Iowa, was elected Chairman over Hon. Jerome Kirby of Texas.

General Weaver said he was for the principles of the party first and for party automony next; but he desired it understood he did not propose he did not propose to give up either.

The Committe decided upon the appointment of five sub-committees of five each on preamble, finance, transportation, land and direct legislation, and authorized the chairman to make the selection.

The committee then took a recess until 2 o'clock.

The selection of Weaver as chairman is considered a Bryan victory by advocates of the endorsement of the Democratic nominee.

CAMPION OR BUTLER.

How the Minority Will Report on the Vice Presidency Matter.

By Associated Press to The Tribune.

ST. LOUIS, July 23.—Wm. V. Allen of Nebraska was selected Chairman by the Majority Committee on Permanent Organization of the Populist Convention.

It was announced the Minority would make two reports on Vice President—one for Campion of Maine, the other for Butler, of North Carolina if he would allow his name to be used.

"NO COMPROMISE."

The Middle of the Road Men Declare Themselves Again.

By Associated Press to The Tribune.

ST. LOUIS, July 23.—The Middle-of-the-Road men held a meeting just before the hour for the afternoon session of the Convention.

The net result was the adoption of a motion declaring it was the sense of the Middle-of-the-Road men that no compromise should be entertained or adopted by them until a platform of Populist principles and a straight-out ticket is nominated; also that an effort should be made to have the friends of Butler on the Committee on Permanent Organization withdraw his name so that all might unite upon Campion of Maine.

CONTESTS COME UP.

A Preliminary Wrangle Over the Disputes in the Delegations.

By Associated Press to The Tribune.

ST. LOUIS, July 23.—The delegates were promptly on hand at the afternoon session.

Just before 3 o'clock a delegate climbed the steps of the platform and brought his umbrella handle down with a crash on the chairman's table. "If this is a Populist Convention," he shouted in a husky voice, "for God's sake don't get into a Democratic band wagon."

The crowds laughed, and the "Middle-of-the-Roader disappeared in the direction of the Texas delegation.

At 3:30 Chairman Butler rapped the Convention to order and announced the Committee on Credentials would submit a partial report.

His announcement was repeated by the sub-chairmen in various parts of the hall, the delegates in remote portions of the Auditorium having complained they could not hear what was going on.

Delegate Wardell, chairman of the Credentials Committee, read his report. The portion relative to the delegations where there were no contests was agreed to.

Then the trouble began.

Patterson of Colorado moved that the Convention take up the contests in the alphabetical order of States.

Harry Tracy of Texas objected. He wanted them in the order reported by the committee.

Patterson denied the committee submitted them in any order. The committee, he said, simply enumerated the cases.

Brooks of Missouri drew a howl of approval from the straight-outs by raising a point of order that as Patterson's State was contested he had no right to the privileges of a member of this Convention until his title to his seat was confirmed.

Chairman Butler overruled the point, saying Patterson's name was on the temporary roll and he was entitled to all the privileges of membership until he should be unseated.

Delegate Webster of Missouri, who seconded Patterson's motion, withdrew his second, saying that if the Colorado delegation, which came first in the roll of contested delegations, were seated, they would have an important influence in the determination of the other cases.

Patterson said the reason the Colorado contest should be first decided was because it was the only delegation contested as a whole. His motion was put and declared carried.

Stump Ashby of Texas attempted to secure a division.

The Chair ruled his demand came too late.

The Colorado contest was then taken up and a motion was made to adopt the report of the committee, recommending the seating of the Patterson delegation.

W. J. Carter of Georgia demanded a vote by States.

Patterson said he was unwilling to have a vote upon the question until the minority could be heard.

The minority had not prepared a report.

Patterson wanted them to have an opportunity to present a report. He offered a motion in deference to the wishes of the Texas and Georgian delegations who were opposed to seating the delegation, that the Colorado contest be postponed one hour. This carried.

"This," said a Texas man, "is magnanimous, but Patterson can't catch us with any such taffy. He is not in the Middle-of-the-Road."

G. W. Baker Says That Their Duties Will Terminate With the Platform.

PLANS FOR FUTURE WORK.

How the Independent Movement Will Be Handled During the Campaign.

By Associated Press to The Tribune.

ST. LOUIS, July 23.—In the Grand Music Hall where the Silver Convention was held the heat was even more uncomfortable than on the streets.

The tired delegates began to come in at 9:30, but the galleries were practically vacant at 10 o'clock, the hour to which the Convention was adjourned and it was long after that time when the Convention was called to order.

When Chairman St. John called the Silver Convention to order, he said he was sorry to be compelled to announce that Rev. Dr. Nicolls, who was to open the Convention with prayer, had been called from the city.

Congressman Newlands moved that the Committee on Ways and Means be appointed to raise funds to defray the expenses of the Convention.

Charles A. Towne, Vice Chairman, was introduced. He said the press of the country had apparently forgotten its sacred duty and had become the plant tool of monopoly. Money was the god it worshiped. But the day of regeneration was at hand. History was being made today. The people had been lax, but had been determined to manage their own affairs. They had suffered grievously at the hands of monopolies and trusts but they would look after their own affairs.

He denounced the pernicionspess of the present money system and the delegates cheered long and loud. A single gold standard he said, would ruin the masses. In November, they would relegate the parties of monopolies to oblivion and put in power men who had the interests of the people at heart. The Speaker referred to the bolt of Senator Teller of the Republican Convention and spoke of the heroism and patriotism of the Colorado Senator to the delight of the delegates.

Next he referred to the nomination of Bryan who, he said, made the year like that of the election of Lincoln. He eulogized the Democratic candidate in glowing terms. This evoked the biggest demonstration which thus far characterized the Convention.

He said Chauncey M. Depew's jokes were sought for on this side of the water and his opinions on the other where he was not so well known. Depew was a gold standard man and monopolist, and wanted to impose the English yoke of gold on the necks of the people of America.

The Speaker next explained the free silver question and attempted to show how hard times would vanish when free silver appeared.

When the free silver party got control of the Government the robbery of thrift for the benefit of idleness would cease. Three months ago a man who would have dared to predict free silver within the coming election would have been set down as an imbecile. Now the movement had grown to such proportions that victory was not only possible but certain if the forces were united. Sacrifices were made on all sides. Factions must all unite and patriotic people would be relieved of their burdens.

There was uproarious cheering by the delegates when Towne ended.

ST. JOHN SPEAKS.

A Dissertation on the Effects of Gold and Silver Standards

By Associated Press to The Tribune.

ST. LOUIS, July 23.—Ex-Governor St. John was next to speak. He told how corn was worth ten cents a bushel, oats eight cents and potatoes six cents a bushel in Minnesota. This was why so many farmers believed in free silver.

A few months ago nearly every one believed nothing could defeat McKinley for President. But the surrender of American interests to Great Britain at the political Convention changed the sentiment of the whole country.

Free silver at 16 to 1, would sweep the Nation. But a vast deal of missionary work must be done. There were thousands of voters misled by the gold bugs.

The cry was raised that if free silver was adopted it would make this country the dumping grounds for the silver of the world.

The speaker hoped it would. If all the silver in the world were dumped in this country and coined it would only make $60 per head. And that was not too much. Should this be done, it would make this the most prosperous country in the world.

Never in the history of America had it been so hard to keep gold as under the present system. Under it $262,000,000 worth of bonds had been issued and the working people "plundered by Wall Street syndicates and English bond sharks."

A GENERAL POW-WOW.

Mrs. Gougher Takes a Shot at the Liquor Interests

By Associated Press to The Tribune.

ST. LOUIS, July 23.—After St. John, Mrs. Helen M. Gougher of Indiana made a speech. She denounced the gold bug monopolists—"Wall street plutocrats" and "English bond sharks," and said the only salvation of the people from serfdom was to declare for free coinage of silver. She denounced McKinley and the platform on which he stands. Saloon keepers, the rum power, and anarchists, she said, were with McKinley. So were "the thieves of Wall street."

As Mrs. Gougher concluded she called on the band to play "America," and the delegates to join in the singing which they did.

At the request of the Connecticut delegation Judge Joseph Sexton was given the stand. His remarks were a review of foreign trade relations as affected by silver issues.

Delegate Hall of Illinois said a potent influence upon the voters in behalf of silver would be the announcement of the former party affiliations attendant upon the Silver Convention. He moved that a poll of the delegations be taken for publication.

The motion was carried and the roll ordered taken next session.

The following resolution was offered for individual consideration of the delegates preparatory to the official consideration of the next session:

"That in the present situation the organization is and logically must be in the coming campaign a peculiar representative of independent Free Silver Republicans and the efforts of the National Committee should be carefully directed to combining and augmenting this Republican element as an independent force, co-operating with others for the election of candidates who shall be nominated by this Convention for President and Vice-President and a Free Silver Congress."

R. A. Cole of Milwaukee said while he had the greatest respect for Mrs. Gouger of Indiana, he did not think it wise to take up the cry of prohibition. To denounce brewing would be to lose strength among the Germans. Despite cries of "sit down" he continued to talk. The free silver question was one that interested the masses and should not be weighted down by prohibition, he said.

When he finished the Convention took a recess until 2:30 P. M.

A TEMPORARY BLOCKADE.

Speeches Are Made and G. W. Baker Presents His Views.

By Associated Press to The Tribune.

ST. LOUIS, July 23.—There were a good many women in attendance at the afternoon session, but the delegates were slow in assembling.

At 3 P. M. Chairman St. John called for order. He announced that as the People's party had not selected permanent organization no Conference Committee had been appointed. This would necessitate delay and he hoped the delegates would be patient.

To fill in the time speakers were called for and H. L. Chaffee of Minnesota addressed the Convention.

When Chaffee finished Mr. Towne took the gavel and C. B. Lane of California was requested to speak five minutes on gold.

Lane responded and was well received.

A motion made by the chairman that when the Convention adjourns the hour for reconvening be set at 10:30 tomorrow caused a general and heated argument. The motion was finally carried.

G. W. Baker of California was now called for and said during the course of his speech that the platform if adopted would end the labors of the Convention, as it would endorse Bryan and Sewall. He wanted to see a conference with Populists acted on first.

BANKERS ARE BUSY.

A Pool Is Being Arranged to Prevent the Gold Exports.

By Associated Press to The Tribune.

NEW YORK, July 23.—The Evening Post says the Committee of Foreign Bankers appointed at the meeting yesterday to formulate a plan for checking the exports of gold during the next two months is not expected to report for two or three days.

It is the intention to arrange a pool by which all demands for exporting may be supplied during that time.

This morning there was a decline of 1c in posted rates for sterling exchange.

A GOOD MOVE.

WASHINGTON, July 23.—The Treasury department has been advised that over $27,000,000 will be turned into the sub-Treasuries by the banks in exchange for legal tender notes to sustain the gold reserve.

Of this amount $18,500,000 is pledged by New York bankers.

A Santa Cruz Farmer Who Tried to Assault a Woman.

The police are looking for Nick Vojvoda a Santa Cruz farmer, who is charged by Mrs. May Gray with attempting to administer to her certain drugs in a manner which the penal code of the State specifies as a felony.

The woman is married and lives with her husband in a lodging house at 972 Webster street. Vojvoda for some time past has made advances to her which she repelled until he, becoming angry, tried to secure his end by foul means. She detected him while he was attempting to mix the drug with a glass of liquor and swore to the complaint.

Vojvoda is supposed to be at present on his ranch and the warrant has been sent to Santa Cruz.

Gossip About Ships, Cargoes and Marine Matters in General.

The British ship Cedarbank is expected here in a few days. She will discharge about 300 tons of general merchandise under the personal direction of Collector of Customs English.

The freight steamer Emma is busy today loading the steamer Lackme with wire from the old Oakland Nail Works. Forty tons are being shipped to Port Townsend.

The steamer Arago (Captain Reed) has almost completed discharging her cargo of coal and will sail this evening for Coos Bay.

The scow Colonel Baker arrived this morning from San Francisco with eighty tons of coal consigned to J. P. Taylor.

A SPECIAL SESSION.

The Grand Lodge A. O. U. W. Will Assemble in September.

A special meeting of the grand lodge of California, A. O. U. W., will be called in San Francisco in the beginning of September.

The reason for the calling of the convention is to enact legislation touching the adoption of the new classification system of assessment passed at the late meeting of the Supreme Lodge of the order at Buffalo, N. Y.

California is a separate jurisdiction and requires this mode of procedure before the new system can become a law in this State.

Political Equality Workers Preparing for the Exposition.

They Will Show Their Admirers That They Are Doing Good Work.

The Political Equality Societies of Alameda County held a meeting yesterday afternoon to perfect arrangements for the suffrage booth in the Oakland Exposition. The ladies intend that the booth shall teach the general public a lesson, and for this purpose will make the suffrage headquarters cosy and homelike in order to prove that a political woman is also a home loving creature.

All of the delicacies dear to the busy cook and housewife's heart will be displayed. Jellies, pies and cakes will be on view, the clever work of the latest woman, the being who is evolved from the best of the old and the new woman, and to whom the intricacies of domestic cookery and the silver question are equally clear.

The President has appointed committees to carry out the arrangements, and ladies will be appointed later who will have charge of the booth and hold informal receptions, during which dainty wafers and tea will be dispensed, while the fair hostesses expound the benefits of equal suffrage.

The committees already appointed are as follows:

On Construction and Decoration of Booth—Mrs. Morris Woodhams, Mrs. L. C. Judd, Mrs. T. L. Walker.

On Furnishings—Mrs. J. C. Campbell, Mrs. Olive E. Babcock, Mrs. Ida M. Harper.

On Literature—Mrs. C. L. Wood.

Friday evening of this week the Political Equality Society will hold an open meeting in Odd Fellows' Hall and an interesting programme has been prepared. Burdette Cornell, a rising young orator of this city, will be the speaker of the evening, Mrs. J. Cal Ewing, who is one of our leading amateur elocutionists of Oakland, will give several selections. Miss Campbell will be the vocalist of the evening.

WANT TO VOTE.

Applications for Citizenship Come Up Before Judge Greene.

There were half a dozen applicants for admission to citizenship before Judge Greene in the Superior Court this morning. It was the judge's first appearance on the bench since his return from his trip to the mountains. He looked bronzed and the manner in which he conducted the examination of the would-be citizens showed that his old-time vigor had in no wise been impaired.

The first man to pass the examination successfully was Henry Griffith. The questions propounded covered a wide range of subjects concerning the formation of this government and the constitution, by which the government is regulated. Some of the queries were posers, but the applicant was finally admitted to citizenship.

The next one to face the court was John H. Williams, a native of Wales. Mr. Williams struggled manfully to withstand the Judge's assault upon his citadel of information, but finally capitulated. The Judge then remarked that Williams could not be attached to the principles of our government, because he didn't seem to know what those principles are. He advised the applicant to study the constitution a great deal more and, if necessary, to get others to aid him in the study. Then, for the purpose, presumably, of relieving the applicant of the embarrassment which his questioning had occasioned, the Judge remarked: "You could not be attached to a girl unless you knew her, could you?"

Whereupon Williams replied that he could not.

Worked Too Hard.

During the judicial vacation thus far, Judge Ogden has done a great deal of work belonging to other departments of the Superior Court. As a consequence he has been prevented from devoting the time he had anticipated giving to the cases which he had taken under advisement.

Today there was a sign posted on his door notifying litigants and attorneys that he would not consider any more cases until further notice. Judge Ogden will now devote all the time to his own cases, after which he will take a greatly needed rest.

George Jordan of Market Street Planned a Successful Ambush.

HENRY DERWIN IN THE TRAP

A Husband Had Misgivings About His Wife's Affections.

SHE WAS OVER ANXIOUS.

He Smelt a Rat and Waited Concealed Around a Corner,

There is trouble in the household of George Jordan, who resides at 808 Market street and a once happy home threatens to be broken up through the actions of his pretty wife.

The story dates back some time, when Jordan began to suspect all was not as it should be regarding his domestic affairs. Through a guarded investigation he came to the belief that another individual was paying attentions to his wife, though when accusations were made they were indignantly denied.

Jordan works in a cannery and last night returned from his labors, tired out. It was the evening on which his Odd Fellows' lodge met and though a regular attendant he did not feel inclined to go, owing to fatigue.

However, his wife urged him to make his accustomed visit so strenuously that suspicions were again strongly aroused and finally the husband seemingly acquiesced.

Putting on his hat and coat he left the dwelling, but only to stand guard, hear by, and ascertain if possible whether his fears were true. He did not have long to wait, so he claims, before he observed his better half emerge from the home clad in outing attire. Then he says, she was met by a young man and the two started off together.

They had only reached the corner of West street where Jordan overtook them and the scene which followed was for a time quite exciting.

With his right hand he punched his wife's companion repeatedly on the head, while with his left he dragged the woman away. The thoroughly frightened couple naturally halted and then Jordan accused them of many things, among them a conspiracy to break up his home.

His wife's escort, who proved to be Henry Derwin, did not attempt to give battle, but quietly retired from the scene when the opportunity afforded.

Officer Rhienhardt, who was passing by, was appealed to by the irate husband and a warrant asked for Derwin's arrest on the ground of alienating the wife's affections. As this was out of the officer's power to grant, the truant wife was taken home and given a lecture on the errors of her ways.

Jordan declared he would not stand such actions, intimating that the divorce courts were handy. The wife was penitent, but the end has not yet come.

The couple have one pretty child and a comfortable home. They were married several years ago and up to recently no trouble has arisen between them.

Jordan says he is not through with Derwin yet and if the courts can give him no relief, he will take matters in his own hands.

Derwin is a barber, employed at 983 Washington street. When seen today, he had a contusion over the ear, but otherwise did not appear to have suffered from his whipping.

"I guess it's straight," he said, "I was with Mrs. Jordan last night, but we met merely by chance. We had no date together as her husband claims, but I don't see any use in talking about it. I let him hit me because there was a policeman across the street and now he ought to be satisfied. He can't get me arrested, for he is not able to prove any thing. I suppose the publicity of this thing is going to "queer" me in the town, but I can't help it."

SAYS HE WAS DRUNK.

How Athol Accounts for the Trouble With the Horse.

"Lord" Athol, the alleged scion of nobility, who seems to have a predisposition to make free with other people's horseflesh, has just got out of another scrape because the owner of the lost animal which he handled does not desire to prosecute.

The horse and buggy which Athol left in an unceremonious manner at the residence of W. S. Greene, Howe street, near Fabiola Hospital, last Sunday night, has been identified and claimed as the property of Waterbury, a livery man of Berkeley, from whom the outfit was rented on the day in question. Waterbury saw the account of Athol's affair in The Tribune and, as he was missing an animal of the kind described, called at Greene's abode and found his outfit.

When Athol was called on to explain his summary disposition of the property, he offered as an explanation the statement that he had been drunk and did not know what he was doing when he got rid of the horse and buggy. Athol's place of abode is now given as 1507 Broadway.

THE SCHOOL OPENING.

Principal McChesney Preparing for the Coming Change.

Principal J. B. McChesney of the High School has announced that he will be at his office in the High School Building, Saturday, from 9 A. M. to 3 P. M., for consultation with parents and pupils. A number of minor changes will probably be made in the classes, but at present nothing is definitely arranged.

The pupils who formerly took the business course in the High School will report at the old High School Building, or as it is now called the Central Grammar School, on Monday morning. Owing to the establishment of this new school, Professor McChesney is at a loss to know how many pupils to expect in the High School this term.

MISS DETTMAN'S DEATH.

Her Vital Organs Had Been Attacked by Fatal Troubles.

Dr. J. W. Wilcox held an autopsy this afternoon on the body of Miss Clara Cordelia Dettman, who died last evening. The direct cause of death was due to heart failure superinduced by disorganized liver, stomach and kidneys.

The deceased was thirty years of age and was visiting friends at 1171 Sixteenth avenue. Her death was sudden and no doctor was in attendance.

The young lady came recently from Germany and was to have returned there shortly.

WANTS TO LEAVE HOME.

A Young Girl Who Does Not Like to Live With Her Step-Father.

Mrs. Prescott was appointed guardian of a young and pretty girl named Jennie Gibson today, whose former home is in San Francisco. The girl is only about 15 years of age, and was voluntarily relinquished by her mother, who was in court at the time. It seems the mother has taken to herself a second husband, her former spouse having died. The girl accordingly thinks that her home must hereafter be distinct from that of her mother.

DESTROY THE THISTLES.

Those Who do Not Comply With the Law Will Be Arrested.

Chief Lloyd and Captain Wilson today instructed the police force to begin the thistle raid. Every person who owns or occupies ground on which the Scotch thistle is allowed to grow will be arrested.

A list of persons who are subject to arrest for this offense has been made by the officers. It contains nearly 200 names.

Death of Pioneer Voges.

A SAD SCANDAL.

The Yarde-Buller Divorce Comes Up for Trial.

AN OAKLANDER; DEFENDANT.

A Story of High Life in the Heart of England.

HER HUSBAND'S QUEER TALE.

Valentine Gadsden of San Francisco Named in the Case.

By Associated Press to The Tribune.

LONDON, July 23.—The trial of the Yarde-Buller divorce case began today.

The plaintiff is Hon. Walter Yarde-Buller, brother of Lord Churston, a member of a distinguished family of Devonshire.

The defendant, Mrs. Lellah Yarde-Buller, is a daughter of the late General W. R. Kirkham, who was a wealthy resident of Oakland, Cal.

The Yarde-Bullers were married in 1886. The plaintiff alleges cruelty and adultery on the part of the defendant with Valentine Gadsden, who is said to be a real estate man of San Francisco.

Mrs. Yarde-Buller denies the allegations and makes counter charges.

Buller testified his wife behaved like a mad woman. Once she took poison. Sometimes she locked her husband out of the house. One night she insisted on going to the Cafe Cavour, a resort of the demi-monde, where she made a disturbance. Then she came home with a strange man and locked her husband out of the house.

Under cross-examination the petitioner declared his domestic troubles arose from her drinking habits and fast living.

The hearing was adjourned.

Will positively cure sick headache and prevent its return. Carter's Little Liver Pills. This is not talk, but truth. One pill a dose. See advertisement. Small pill. Small dose. Small price.

WHEELMEN'S WORK.
Announcements for the Coming Big Meeting at Louisville.

By Associated Press to The Tribune.

CHICAGO, July 23.—The officials of the seventeenth National meet of the L. A. W. to be held in Louisville in August are announced. Chicago wheelmen are represented in the list to the number of seven. Among them are Fred J. Wagner, Clerk of the Course; Charles P. Root, Starter and N. H. Von Sycklen, Turner.

The Meet Club assured everybody that Louisville is ready to entertain thousands of visitors who will surely visit that city. The Weekly L. A. W. Bulletin adds: "Drinkables enough to satisfy 10,000 people have been contracted for; pipes, tobacco and cigars by the bushel are in stock. The souvenir programme will be issued by August 1st. The city has made an appropriation for sanitary purposes; the police will deal gently with the unfortunate who has no lantern and bell; a train load of watermelons for the feast have been contracted for and many other things have been done.

PEACE HEREAFTER.
Judge Lawrence Dismisses the De Moy Case With a Reprimand.

The Voglesang-De Moy feud which raged with all fury on the morning of the 3rd of July between the female members of the two households was settled in the Police Court this morning by Judge Lawrence reprimanding all parties and dismissing the case of distrubing the peace which had been placed against Mrs. De Moy by the leader of the other faction.

At worst the trouble consisted of Mrs. De Moy intimating that Mrs. Voglesang could not find a father for her children with a search warrant. Mrs. Voglseang retorted that Mrs. De Moy was once a bar maid and the outraged De Moy called back that the Voglesang leader held the leather medal for being the champion prevaricator in Oakland.

That settled it. Mrs. Voglesang had her neighbor arrested and it took Attorneys Gibson and Hewitt most of the morning to have the witnesses tell their story to the Court. Before they had finished, however, Judge Lawrence concluded that he had heard enough and dismissed the case with an understanding that hereafter peace shall reign in the neighborhood of Eighth and Adeline streets—the vicinity of the belligerents domiciles.

THURSDAY.....JULY 23, 1896.

And now much is made of the incident that Bryan when a boy went into a grave yard, caught a rabbit and put the hind foot in his pocket in order to insure his being President. That might have brought him the nomination. But Bryan needs now to catch another rabbit in a grave yard to help him to the Presidency. He ought also to be sure that his next catch is a Democratic rabbit.

It is reported that Ex-President Harrison will take the stump later on in behalf of McKinley and the cause of sound money. Missouri, Kentucky, West Virginia and Maryland will receive the General's especial attention. He believes a stiff fight in those States will save them from the silverites, and he proposes to put all his influence and persuasive powers into a struggle to hold them. Thus again General Harrison proves his patriotism.

The name given to that part of Illinois where Bryan lives is Egypt. This name it has borne for many years in honor of its chief city of Cairo on the Ohio River, whose founders expected to see the place become the greatest city of the West, and chose the name of a port whose splendid history they hoped it might speedily rival. Marion County and Salem, a good deal north of Cairo, are still a considerable distance south of Macon, Menard and Sangamon counties, which are most closely associated with the name and fame of Abraham Lincoln. The name was also perpetuated by way of derision, because there was more ignorance in Egypt than in any other part of the State.

King Menelik is a shrewd old fellow as well as a great warrior, as the Italians have found out. French papers report that he has commissioned M. Mourion, an electric engineer of Brussels, Belgium, to establish a complete far-distance telephone to connect all principal places of his kingdom and to furnish for it all the necessary material. The royal palace will be in direct communication with the central stations. To insure the safety of the wires penetrating vast deserts Menelik ordered his priests to declare the lines sacred, as "the King's mouthpiece." Death is the penalty for any violation of poles or wires, the former now extending over 700 miles.

The Washington Star has a correspondent at Honolulu who furnishes more interesting information about Hawaii than any other within our observation. He notes the great tidal wave of Japan which reached Hawaii:

"The first wave struck Kawaihae at about 8:15 A. M. This wharf was completely demolished. Kailua, thirty miles south, was struck at 8:30 o'clock. The third wave, an hour later, was the highest. The first phenomenon was a sudden ebb, laying bare the rocks at the bottom of the harbor, succeeded by a towering wave, rushing up over the shores, and carrying away sheds and lumber piles. The lower story of Miss Paris's hotel was flooded, and her establishment temporarily broken up. This is where Miss Kate Field lodged a few days before her death. It is a large two story stone mansion, erected on a massive stone platform at the shore in 1840 by the famous Governor Adams or Kuakini. It was afterward used by King Kalakaua as a rural palace.

At Keauhou, water reached points thirty-five feet higher than the sea and nine houses were washed away.

After a Cyclone the Calm.

Soon after the Superior Court of San Francisco denied the petition of a faction of the First Congregational Church of that city for leave to sell that large and costly edifice Dr. Brown dropped his Golden Gate Hall enterprise and left the city. Now it is proposed to return, resume meetings in the abandoned edifice, call a minister and resume good behavior all round. If Deacon Morse would resign there would be a fair prospect of smooth work.

But what minister having a first class rating, would be willing to accept a call to that church? There are other churches of the same denomination of far more importance that have not been able to fill vacant pulpits permanently for the past year. Eastern clergymen are at present shy of California pulpits, and the more so when it is known that any church has been twisted by a cyclone.

The New Gift of Speech.

So much has been written about that wonderful young woman, Helen Keller, who had neither sight, hearing nor speech, and the processes of her education, that any new facts about her may now be of special interest. Dr. Alexander Graham Bell, the inventor of the telephone, recently opened the fifth summer meeting of the American Association to Promote the Teaching of Speech to the Deaf, with a recital of the twenty-third Psalm by Helen Keller. The wonderful circumstance is that as to speech, this young woman, presented by her infirmities, greater obstacles than had ever had been overcome. She was totally blind and deaf, and apparently could never have any vocal power. The young woman not only recited a Psalm, but was afterward led to the platform to make a speech. She chose for her theme "The Value of Speech to the Deaf." A recitation of two or three paragraphs from her speech on that occasion, may interest many readers:

"If you knew all the joy I feel in being able to speak to you today I think you would have some idea of the value of speech to the deaf, and you would understand why I want every deaf child in all this great world to have an opportunity to learn to speak. I know that much has been said and written on this subject, and that there is a wide difference of opinion among teachers of the deaf in regard to oral instruction. It seems very strang to me that there should be this difference of opinion; I cannot understand how anyone interested in our education can fail to appreciate the satisfaction we feel in being able to express our thoughts in living words. Why, I use speech constantly, and I cannot begin to tell you how much pleasure it gives me to do so.

"Of course, I know that it is not always easy for strangers to understand me; but it will be by and by; and in the meantime I have the unspeakable happiness of knowing that my family and friends rejoice in my ability to speak. My little sister and baby brother love to have me tell them stories in the long summer evenings when I am at home, and my mother and teacher often ask me to read to them from my favorite books. I also discuss the political situation with my dear father, and we decide the most perplexing questions quite as satisfactorily to ourselves as if I could hear and see. So you see what a blessing speech is to me. It brings me into closer and tender relations with those I love, and makes it possible for me to enjoy the sweet companionship of a great many persons from whom I should be entirely cut off if I could not talk.

"So I want to say to those who are trying to learn to speak, and those who are teaching them: 'Be of good cheer.' Do not think of today's failures but of the success that may come tomorrow. You have set yourselves a difficult task, but you will succeed if you persevere and you will find a joy in overcoming obstacles—a delight in climbing rugged paths which you would perhaps never know if you did not sometimes slip backwards if the road was always smooth and pleasant. Remember, no effort that we make to attain something beautiful is ever lost. Sometime, somewhere, somehow we shall find that which we seek. We shall speak, yes, and sing, too as God intended we should speak and sing."

This young woman had written out her speech on the type writer, with points according to the Braille system. She then committed it to memory and delivered it from the platform in such an audible way that all could hear. To teach a deaf mute to talk is one of the educational wonders of these last days. But to teach a deaf mute who is totally blind, and who never had the gift of speech, to talk audibly, is the miracle of modern education. This woman is about to enter Radcliffe College, the annex of Harvard University.

The Centennial of a City.

The city of Cleveland is this week celebrating the centennial anniversary of its existence. The company which settled on the present site of that city went from Hartford in the summer of 1796. One of the pioneers, named Cleveland, was a leader of the party. The site chosen was within the limits of the Western Reserve, a Government concession that had been made to Connecticut. At that time there was no town settlement of any importance on the margin of any of the great lakes. There were a few settlers at Detroit.

Cleveland is today the second lake city, with Buffalo very near abreast in commercial importance. As Cleveland was founded by Hartford people, so that city has a foremost place in the celebration. Senator Hawley makes the historical address, and the jubilee week will be kept by more than three hundred thousand people. Cleveland having rounded up a century, starts with the new century with the prospect of becoming one of the great cities of the country.

This jubilee occasion has been further accentuated by the gift of a million of dollars to the city by John D. Rockfeller. For some time past he has been concentrating his large metal interests in that city. He owns some of the most important mines on the margin of Lake Superior and has already constructed ten or twelve large steamers to transport the ore to his Bessemer steel works at Cleveland. Heretofore, Pittsburg has profited most by this metal interest. But Rockfeller, owning great mines and a fleet of large steamers with no limit to capital, has chosen Cleveland as the site of what are probably to be the largest steel works in the United States. All these circumstances are associated with the centennial jubilee of Cleveland.

There are thousands who are still enquiring what 16 to 1 means. We have answered that question a dozen times. But here is a fresh answer from the Times-Herald:

"It means, first, the admission that gold is at least sixteen times more valuable than silver. It means, secondly, that persons in this country owning property in silver mines or indirectly interested in having that property boomed at the expense of all the rest of the country, want the Government of the United States to accept silver in unlimited quantities, and coin it, free of charge to the owners, into dollars, which the rest of the country shall be required to accept at face value. The metal in the dollar being 371¼ grains pure silver, with 41½ grains of copper, making, altogether, 412½ grains of mixed metal, the silver dollar weighs sixteen times as much as a gold dollar. But this is a false ratio. Today gold, instead of being worth only sixteen times as much as silver, is worth about thirty-two times as much. The proposal, therefore, of free coinage of silver at the ratio of 16 to 1 is a robbery of the people of the United States. It would compel them to take as a dollar what is worth little more than half a dollar.

Thirty-Five Thousand Illegal Marriages.

It has been quite the thing of late years for unhappy married people to resort to some one of the Western States where there were free and easy divorce laws. Kansas was for some years the stalking ground for married and unmarried couples. The Kansas Court of Appeals has declared invalid the law in that State under which divorces have been granted for the last twenty-five years. Frederick R. Coudert a distinguished lawyer of New York, is reported in the Sun as making this statement:

"It will affect the present martial relations of the parties to the divorce suits, making their new marriages illegal perhaps, depriving their children of legitimacy and disturbing the property interests of many families. If the decision is based upon the imperfection of some matter of procedure then perhaps the troubles caused by it can be remedied, but if it is based upon the unconstitutionality of the law itself then I do not see how it can be remedied.

"In that case the whole of the decrees which have been issued under the law will stand as if they had never been issued. Therefore, the people who were married before the decrees were issued will be married now, new marriages will be void, and it will be unlawful for the couples to continue to live together, and children born of these new marriages will be illegitimate.

"Even the legislature, in that case, will be unable to straighten out matters. It cannot impair the rights of the older contracts nor deprive the people who would have acquired property rights under the old condition of things of these rights. It could mitigate the evils which would be produced by upsetting such a long line of legal action, but not cure them."

Kansas was not such a popular resort for parties seeking divorce was Oklahoma. But in that Territory it was recently decided that divorces granted in certain courts there where most of this business was done, were illegal. Dakota has not yet been heard from. Sioux City is now a famous resort for persons seeking a quick divorce. Some day we may hear that the matrimonial bonds nominally severed there are not severed at all. The social revolution promises to furnish an interesting chapter of history.

The Drift of Silver Dollars.

There are many who can remember when the Spanish milled dollar was current coin in the United States. All the smaller coins in general circulation were of Spanish origin. There were sixpences and ninepences every where in use. The United States accepted for currency the Spanish dollar and all the smaller silver coins. These coins came in by way of Spanish America. They went out of the country in the same direction. The Philadelphia Times brings together these facts:

"One by one the South American countries have been following the general advance of civilization in adapting their monetary systems to the gold standard. Brazil, Chili and Argentina, the three greatest of them, have already done so. Venezuela only the other day adopted the gold standard by constitutional amendment. And today we have a dispatch from Colon that Costo Rica has decided to adopt gold as the basis of its currency and that "the entire country is in ecstacies because the present silver currency is to be called in.

"This will leave Mexico more lonely than ever in its adherence to the obsolete silver standard, unless Mr. Bryan and the Populists can have their way and the United States join Mexico and Peru, and a few small republics with no mints of their own, by restoring the dollar of the Spaniards."

If silver is so much more desirable than gold for circulation, why do these countries substitute a gold basis for a silver one. A short time ago all Central and South America had the silver standard. In those countries, if any where in the world, silver ought to have been a satisfactory currency. The fact that it is not suggests further enquiry.

From the Vineyards of Napa Valley

Instructor Hayne of the College of Agriculture at Berkeley, reports some interesting observations made on his tour of inspection in the vineyards in Napa Valley and contiguous districts. He finds that the grape crop has not been diminished by frost to so great an extent as was anticipated early in the season. He finds also that the phylloxera is making steady progress in that district. There are some resistant stocks that are a complete proof against this pest, while others once claimed to be non resistant, have been failures.

The Agricultural Department of the University recently imported 20,000 resistant cuttings. They are now rooting in the grounds at Berkeley, and will probably be sent out next year. Two other facts brought out are of importance. The vine disease prevalent in the region of St. Helena is not the "mysterious Anaheim disease," for which no remedy has ever been found, and which swept away 30,000 acres of vines south of Tehachapi. And lastly that prospects of wine makers have greatly improved, the quality of wine having increased fifty per cent during the last five years.

SILK GOWNS FOR GIRLS.

They Are as Cheap in These Days as Old-Fashioned Homespun.

Well-brought-up girls in our grandmother's time were taught that homespun gowns were good enough for them, and the dream of the young maiden's fancy was the far-off day when she might be permitted to have a silk dress and wear her gold ring. But that was the time when the markets were not so full of fine stuffs to be bought at possible prices as they are now-a-days.

In these days silk can be bought cheaper than so-called homespun, and the tiniest maids are often dressed in it. Even babes in arms have white silk slips that are no more expensive than fine nainsook or mull. And their waltz faille silk cloaks are quite the ordinary thing.

Dark silk is one of the most serviceable materials for grown people's dresses, and is much used for traveling; and when the old folks begin to wear silk bathing suits it is high time that the little folks, and certainly the half-grown girls are allowed a chance at silk for their gowns.

For summer wear, silk is almost as cool as lawn, and wash silk is quite as serviceable, even for 10-year-old girls. For girls who are old enough to wear separate waists and skirts, a very serviceable dress can be made with woolen or alpaca skirt and waist of figured silk.

Skirts for girls in their teens should be stiffened and made to stand out with as much style as those intended for older people.

The waist need not be elaborately trimmed. Ribbon will be found sufficient decoration, if used for collar and belt. In the illustration the ribbon is put on in bretelles with bows on the shoulders and at the waist.

NOTES AND EXCERPTS.

The Rt. Rev. John Williams, bishop of Connecticut, is ill with sciatia at his home in Middletown, and has been compelled to cancel all his engagements. He is the oldest Anglican bishop in the world in time of consecration, and the presiding bishop of the house of bishops of the United States.

Dean Hole made a scene at Rochester cathedral on a recent Sunday. A canon whose business it was to read the first lesson omitted certain passages which he thought improper. The dean was to read the second lesson, but before beginning he solemnly read the passages omitted in the first lesson.

Father McGlynn, who has been so prominent a figure in the past, is now in charge of the country parish of St. Mary's, at Newburg, N. Y., but will probably be transferred to a city parish ere long.

Ex-Consul Waller of Madagascar notoriety intends to make his permanent home in Kansas City, Kan., where he will devote himself to the editorial management of the American Citizen, formerly the property of C. H. J. Taylor.

Hundreds of people visit the Hermitage Andrew Jackson's old Tennessee home, every month, and the income derived from the admission fee of 10 cents is a very neat source of revenue to the association that keeps the house in repair.

Prince Bismarck used to be very fond of brandy. When he was going to the war in 1870 his youngest son asked him how long he was to be away. He replied that he did not know. At that moment a servant came in to inquire how many bottles of cognac were to be packed up in the Prince's luggage. "Twenty-four," was the answer. "Ah, papa," cried out the "terrible infant," "now I know how long you are to be from home—twenty-four days."

Scott Hayes, a son of ex-President Rutherford B. Hayes, is connected with an electrical company in Cleveland. Not long ago he was a party to a civil suit in which he was represented as counsel by State Senator Garfield of Ohio, a son of ex-President James A. Garfield. The sons of the ex-Presidents won their case. Young Garfield is becoming quite prominent in Ohio politics. He possesses much of the oratorical ability of his father, and strongly resembles him in personal appearance.

The Capabilities of Nothing

It is no marvel that so many persons should be ready to believe in free silver and other forms of flat money. There is probably no truism which, considering its venerable antiquity, is more unpopular than the declaration that "out of nothing nothing is made." It strikes a large section of the people—for personal reasons, perhaps, for they have the requisite nothing—as a part of the general miscontrivance of things that this should be so. They hail with joy and are ready to accept without hesitation any statement of their leaders that there has been found a limitation to the application of this old proverb. There are many persons who are ready enough to laugh at the perpetual-motion crank who really holds the same view of mechanics as he does. They think that some mechanism can be invented which will give forth more power than is put into it. They hold this view, although their every day experience is directly against it. They are not few, they are legion. Persons with such hazy ideas make up the flat money supporters. They think that legislation can get more value out of a thing than there is in it. Down with the proverb which sets the limitations upon the capabilities of nothing! With that barrier removed the period of universal happiness would come 'on the dead jump.'"—From the New York Tribune.

TEEMING WITH TROUBLE.

County Clerk Jordan Trying to Induce Voters to Register.

It Is a Hard Job to Get People to Understand the Transfers.

County Clerk Frank Jordan is leaving nothing undone to give assistance to persons who desire to register, to secure transfer certificates of registration in other counties for people who are now resident in this county, and for people of other counties who formerly resided here.

It is needless to say that this desire on the part of Mr. Jordan has given him a great deal of trouble and that his deputies, in a measure, experience some of the annoyance.

Deputy Clerk Mason has in charge the handling of requests of non-residents in Alameda County for certificates of former registration here. While about thirty of these applications are filed daily, in nearly every instance, the person making the application fails to give his former residence in this county. As a consequence, before the request can be complied with, there must be an examination made by the Deputy of every precinct in the great register.

Mr. Jordan had postal cards specially prepared for this class of inquirers requesting them to forward to him immediately their former address while in this county as well as their present address and that then the request would be complied with.

These cards are now, in a measure, dispensed with because it is growing so near to the time for the close of registration that, before they could be forwarded to the applicant and returned by him to the County Clerk with the requisite information, the prospect of getting the applicant's name on the register would be greatly endangered.

There is another disadvantage resulting from this carelessness on the part of applicants for transfer registration certificates, namely, that where there is more than one person of the same name as that of the applicant in a precinct, there is no certainty as to which of the parties has removed and which still resides here.

In response to requests from people now in this county, who formerly resided in other counties throughout the State, Mr. Jordan has received from various counties, transcripts of registration there. These certificates are now stacked up in the Clerk's office and have never been called for by the people interested in them. These represent effort on Mr. Jordan's part which evidently will not be appreciated by the people in whose interest it was extended until it becomes too late for the names of the applicants to go on the great register.

The Unfortunate Man Appears to Have Been a Carpenter.

HIS IDENTITY NOT KNOWN.

His Body Was Found Today on the Alameda Shore.

The body of an unknown man was found at 8 o'clock this morning floating in the estuary near Hay & Wright's ship yards on the Alameda shore. Nees Lunde secured the body and telephoned to the Morgue, whither it was carried and where it now lies.

From a half emptied whisky flask and several wire nails found in the pockets of the clothing it is surmised that in life the man was a carpenter who fell into the water during a debauch. A watch carried by the deceased stopped at 25 minutes of 7 o'clock and as the body had not been in the water over two days it is figured that death came Tuesday evening at about the hour marked by the timepiece.

The remains are those of a man about 55 years of age, 5 feet 9 inches in height and of slender build. He wore a full dark beard streaked with gray, and his hair of the same color was thin on the pate.

Nothing found in the pockets would lead to establishing identity. Besides the bottle, some nails, a watch, a key, pipe and 30 cents in money was all the man carried.

His clothing was of a cheap quality. He wore a dark coat and vest, striped trousers and a checked blue and white gingham shirt.

The inquest will not be held for several days unless the body is identified.

WATCHING CUBAN BOATS

The Canadian Government Gives a Warning to Its Officials.

By Associated Press to The Tribune.

OTTAWA, July 23.—The Canadian Government has given strict instructions to Collectors of Customs at all Dominion ports not to give a clearance to any vessey entering outward for Cuba without first receiving authority for granting the same from the minister of customs.

It has come to the notice of the Canadian authorities that a number of vessels have left England with rifles and munitions of war on board for Canadian ports, to be re-shipped into another vessel and thus sent to the Cuban insurgents.

It is stated that a suspected steamer is now in the St. Lawrence River. The government has received information where several owners of Canadian steamers have been offered larg sums of money if they would charter their vessels for a run to Cuba with war supplies.

TO REPORT FOR DUTY.

A Number of Naval Officers Are Heading for the Coast.

By Associated Press to The Tribune.

CHICAGO, July 23.—There is a party of young naval officers in the city on their way to join their respective ships in the Pacific.

Commander Reuter of the Detroit, one of the Asiatic squadron, is also at the hotel on the way to join his command. The party includes Assistant Engineer H. I. Cone of Florida, who is bound for the Philadelphia of the North Pacific squadron; Ensign S. E. Gelm of Michigan, who will be one of the crew of the Alert; Assistant Engineer L. F. James of South Carolina, who will join the Monterey in the North Pacific; Ensign Graham of the Oregon; Ensign W. P. Scott of the Yorktown, and Assistant Engineer Frank Lyon of the Oregon of the Asiatic squadron.

The presence of officers is explained by the general shaking up that takes place this month in the navy, accompanied by the transfer of many of the younger officers of the Atlantic squadron to the West.

KILLED BY A BLOW.

An Eleven Year Old Boy Murders a Youthful Comrade.

By Associated Press to The Tribune.

CHICAGO, July 23.—Harry Rudolph, aged 11, struck two blows with his puny fists last evening and his opponent, Grover Hanson, aged 9, fell dead at his feet.

The lads were having a boyish quarrel and young Hanson started to run. Rudolph followed in swift pursuit, catching the lad near the curb and struck him in the face and abdomen.

Little Hanson covered his face with his hands, fell backward and expired.

Young Rudolph was locked up. The physician who examined young Hanson gave it as his opinion that the lad died from cerebral congestion, resulting from a shock affecting the heart action. Rudolph was released upon a statement of the facts in the case to await the result of an inquest.

CRACK CARGOES.

The Queen City Breaks All Records on the Lake.

By Associated Press to The Tribune.

CHICAGO, July 23.—The steel steamer Queen City has again broke a cargo record. The amount given out by the tallymen when the spouts were taken from the hatches was 202,000 bushels of corn. This exceeds all previous records by 37,000 bushels on a draft of sixteen feet three inches forward and sixteen feet nine inches aft.

The Queen City broke the Lake Superior iron ore record on her trip from Two Harbors to South Chicago by carrying 4,067 gross tons on a draft of 14.4 feet. Her present cargo weighs 5,700 tons and would have loaded a hundred schooners of the old days.

Five years ago a cargo of half the size was considered a big load. It is without doubt the largest cargo ever carried on the lakes.

PINGREE'S PATCHES.

An Attempt to Make Money Out of Philanthropic Plans.

By Associated Press to The Tribune.

CHICAGO, July 23.—A local paper has the following special from Pittsburg, Pa.:

One of the greatest sensations in the history of alleged philanthropic movements in Pittsburg has just been unearthed. Some weeks ago a number of prominent men and women organized the Civic Club to help the poor on the Pingree Potato patch plan.

Owners of vacant land gave the use of it. Men were hired to do the plowing and considerable money was spent for seeds, etc.

Today the Civic Club presented the bills for the work to City Controller Curley and asked that the city pay them. The controller refused. He said the whole movement has passed along as philanthropic and that the attempt to make the city pay the bill is preposterous.

An Elderly Negro's Strange Influence Over a White Boy.

A Case That the Chicago Police Intend to Thoroughly Investigate.

By Associated Press to the Tribune.

CHICAGO, July 23.—The police are investigating a strange story just told them by 16-year-old Arthur Peterson. Young Peterson was arrested on the lake front. Moses St. Clair, colored, 54 years old, who was with the boy, was also arrested and locked up.

At the police station he refused to talk, but the boy told Sergeant Murphy that in St. Paul, his native city, he met St. Clair, who seemed to exercise a peculiar influence over him.

Less than a year ago young Peterson said he came to Chicago with St. Clair, who told the boy, so the latter said, that if he attempted to leave him or told anyone about the mistreatment he received he would kill him.

"Several weeks ago we went out to Oak Park and Austin," said young Peterson, "and committed a number of burglaries in each place. St. Clair compelled me to assist him in these burglaries, telling me what to do. We got considerable valuable property, which St. Clair disposed of and then we went to New York. There we committed one burglary. We did not realize very much from it and St. Clair thought we had better come back to Chicago. We arrived in Chicago several days ago and I have been watching for an opportunity to get away from St. Clair."

Looking for Mrs. Coleman.

By Associated Press to The Tribune.

CHICAGO, July 23.—Captain Elliott has received a postal card from J. E. Coleman, box 281, Corning, N. Y., saying he would pay a liberal reward for the correct address of Mrs. Gertrude Coleman, who he thinks is employed by some dressmaker. No such name can be found in the directory, but the police will make an effort to find the woman as the writer says he has funds in trust for her.

The Island Empire Reaching Out for Western Commerce.

Over $68,000,000 Exports Were Handled During Last Year.

By Associated Press to The Tribune.

WASHINGTON, July 23.—Consul General Melvor at Managwa has forwarded to the State Department tables showing the foreign trade of Japan for 1895.

In these tables the Japanese silver yen has been taken as equivalent to 51 cents, this being its mean value during that year.

The total value of exports was $65,093,662 and of imports $65,022,895. Of this amount the United States is credited with $27,534,764 for exports and $1,730,943 for imports.

The customs duties collected were for exports $1,159,281; imports, $2,161,909; miscellaneous, $88,045, making a total of $3,409,155. During the year 1,863 steamers and 1,000 sailing vessels entered the ports of Japan from foreign countries, of these 96 were American, 987 British and 371 German. Forty-nine American steamers and sailing vessels were engaged in the coastwise trade of Japan as against 761 British, 104 French and 181 German.

Japan exported $1,423,895 gold and $12,490,570 silver bullion. She imported bullion to the value of $525,255 in gold, $2,470,538 in silver.

FELL FROM THE SKY.

A Mass of Burning Matter Hits a Mexican Mountain.

The Meteor Badly Scares Natives in the Rural Districts.

By Associated Press to The Tribune.

CITY OF MEXICO, July 23.—The Government will not accept Minister Romero's resignation, holding him in too high esteem as a successful diplomat to allow him to retire at the present and regarding him as possessing the good will of the American Government and people. Romero started for Washington at once.

A company of Americans will develop the water power at the mouth of the great drainage tunnel, and it is believed power can be utilized for lighting the city.

A remarkable phenomena at the mine of Santos Reyes, in the State of Chihuahua, occurred. At 3 o'clock yesterday a tremendous explosion was heard and an enormous mass of burning matter was seen to fall from the heavens, striking the side of a mountain and bringing with it in its course entire cliffs, and finally plunged 700 feet into the ground, making a hole from which boiling water still issues.

One of the most singular phenomena observed was the heavy rain falling from the sky immediately after the descent of the meteor. The people are very superstitious, as this is one of the many realizations of the prophecies of the vision seeing girl of Tobacco. The same meteor destroyed the house of a miner, killing his two children.

ROBERT EGBERT'S FUNERAL

His Four Sons, in Accord With His Wishes, Acted as Pall-Bearers.

Many sorrowing friends gathered yesterday at the residence of Charles Egbert at 1523 Webster street to pay their last tribute to the memory of Robert S. Egbert, who died Tuesday at his Rio Vista Ranch.

Rev. J. K. McLean read the funeral services and by the request of the deceased his four sons acted as pall bearers.

Mr. Egbert was a native of New York. He came to California in forty-nine" days and spent many years of his life in Oakland. Of late he lived most of the time on his ranch.

Of horses we last year exported 13,981, valued at $2,209,205.

Asia last year took 1,738 of our hogs, and paid $8,981 for them.

Our broom corn went abroad last year to the value of $169,503.

Cuba took 392,201 bushels of Indian corn, paying $216,602 for it.

American game last year was exported to the value of $17,398.

The American fowl was exported last year to the amount of $51,389.

South America took 1,738 of our sheep and paid for them $16,656.

American flower seeds were last year exported to the value of $30,000.

Asia last year called for 91,371 pounds of our tobacco, and paid $9,668 for it.

We sent last year to Asia 10,567 bushels of American corn, valued at $7,400.

India last year imported from America 8,165 barrels of flour, paying $25,851.

Of rye flour we sent abroad last year 8,768 barrels, for which we received $12,062.

Our farmers last year sent abroad 1,224 bushels of flax seed and pocketed $1,163.

One hundred and seven of our cattle last year went to Asia at a valuation of $6,320.

Africa last year consumed 2,037,207 pounds of American tobacco at a cost of $182,150.

Our oats found a market in Europe to the extent of 569,977 bushels, valued at $200,793.

LOOK FOR THE BLUE SHIRT SIGN

SUTER ON OUR HARBOR.

The Government Engineer Reports on Traffic Returns.

He Refers to the Complaints About the Estuary Draw Bridges.

Colonel Charles R. Suter who succeeded Colonel Mendell in charge of the improvement of Oakland Harbor, has submitted his report to Washington for the last fiscal year.

He first announces that the project for the improvement of the harbor embraced the construction of high tide jetties, the dredging of the channel 400 feet wide from the harbor basin to San Leandro Bay and the construction of a dam and tide gate across the entrance to this bay so as to divert the flow of the ebb tide to the canal and out through Oakland harbor.

To the work so far done, says Colonel Suter, the jetties have been completed, the tidal canal has been begun at both ends, but not completed; the tidal basin in the harbor has been dredged to a depth of three feet below low water; a channel 200 feet wide and eight feet deep has been along the East Oakland front and a channel 300 feet wide has been dredged from Webster street bridge to the end of the jetties. This channel varies in depth from fourteen at low tide through the jetties and 20 feet above, except for a distance of 1,500 feet, where only 18 feet has been obtained. At high tide vessels drawing nineteen feet can enter the harbor and pass up to the Oakland wharves.

Colonel Suter says that complaints were made by the navigation interests in reference to two draw bridges across the harbor at Webster and Alice streets. These were investigated and as a result the Secretary of War has ordered a reconstruction of both bridges, with draws of 150 feet clear span, to be opened and closed by other than hand power.

A statement accompanying the report shows that in 1895 there were 335,838 passengers and 2,188,968 tons of freight transported by the ferries in the harbor and 339,788 tons of freight carried in other vessels.

A SERIOUS SHOOTING.

A Woman Killed as the Result of a Family Row.

By Associated Press to The Tribune.

CINCINNATI, July 23.—Early this morning six shots were heard at the residence of William T. Wiley, ladies' tailor and furrier, on West Fifth street.

Mrs. Wiley was found bleeding from six bullet wounds and her husband unconscious with a bullet hole in his right temple.

The woman died on the way to the hospital.

Wiley's wound was superficial, the ball glancing off the skull.

The couple, after frequent quarrels, separated but began to live together again about three months ago.

Wiley says his wife shot him. He then seized a weapon and fired at her.

KILLED FOR $42.

The Murderer Explates His Crime Upon the Scaffold.

By Associated Press to The Tribune.

BRAINARD, Minn., July 23.—At five minutes after 1 this morning John Pryde, who murdered Andrew Peterson five months ago, was hanged in the County Jail.

Peterson was Pryde's friend and was murdered for $42.

Pryde, whose real name was John E. Miller, made a full confession.

An Oaklander's Progress.

Percy W. Lewis, son of Dr. W. F. Lewis of this city, and a member of the class of '98, University of California, is being very successful in the business world of the East. He has recently been elected a Director and Secretary of the Northwestern Lime and Cement Company of St. Paul, Minnesota. Mr. Lewis has been for a year an employe of the company, which is one of the largest in the Northwest.

Alameda's Day.

A number of the Directors of the Oakland Exposition attended a meeting at the City Hall, Alameda, last evening, in order to arrange for Alameda Day. Dr. Tom Carpenter was made Chairman and J. E. Barber was made Secretary of the Alameda Committee. Speeches were made by M. J. Keller, Craigie Sharp, John T. Bell and others.

Alameda will probably have a separate section in the Exposition for the display of the city's products.

The Boys' Brigade.

The Boys' Brigade Companies of Oakland, Berkeley and Alameda will unite in giving an entertainment in Armory Hall, Alameda, August 6th, entitled "A Day in Bohemia." Life in the gay Camp Bohemia will be pictured by a series of tableaux with incidental music.

A Colored Suffragist.

Miss Naomi Anderson, a colored woman, who is a trained elocutionist and an eloquent speaker, will stump the State in the interest of the suffrage movement. She will arrive in Oakland next week and will remain here for ten days, delivering speeches in favor of political equality.

Captain Talbot's Funeral.

The funeral of the late Captain Enoch S. Talbot will be held tomorrow at 2 P. M. from the Tenth Avenue Baptist Church.

POINTERS ON POLITICS.

Zouave Populists Are Ready for an Active Campaign.

Local Prohibitionists Will Not Secede From Their Adopted Party.

The Young Men's Populist Zouave League, met last evening in Becker's Hall on Washington street. The attendance was good and interesting speeches were made. The prevailing idea, from the remarks of the orators, was that the Populists should not support Bryan on the platform issued at the Chicago Convention, but providing he comes out squarely on the Omaha platform, endorsement was favored.

The League is growing in membership rapidly. Six new members were admitted last night. They are: W. S. Lewis, A. N. Denison, W. Matthews, W. R. Batten, J. E. Wheeler and D. F. Young.

The new Zouave uniforms are very neat and the club makes a splendid appearance. The officers of the brigade are: C. E. Gardner, Captain; J. F. Panik, First Lieutenant; T. J. Thompson, Second Lieutenant; J. Palmbaum, Corporal of the Guard; George W. Butner, Commissary Sergeant; S. W. Heller and James Hopkirk, Color Bearers.

Prohibition Troubles.

The split in the Prohibition party ranks, arising from the differences of opinion between the "broad and narrow gauge" members terminated in a number of resignations at the State Central Committee's meeting in San Francisco yesterday.

Those present from Alameda County were, Charles Chester, C. N. Montgomery, J. Humphreys, P. Meads, T. L. Hirkhy, Mrs. G. B. Traynor, W. P. Crowhurst, Rev. W. H. Bowen, and A. Calhoun.

Over half of the members of the State Central Committee tendered resignations as did also several nominees. However none of the Oaklanders joined in the desertion.

S. P. Meads was made a member of the Auditing Committee and also Vice President.

Registration Nearly Over.

The last days for registration are rapidly approaching. The rolls close on August 9th and those who do not take time by the fore lock, will not be able to vote at the Presidential election.

For the Assembly.

Valentine G. Hush is announced as a candidate for the Assembly in the Fifty-First District. Mr. Hush, who is a Republican, served for years in the Minnesota Legislature. He has resided in Fruitvale for the past eight years and as well and favorably known throughout the community.

Thomas Pearson, the colored orator, is out for the Assembly in the Forty-Eighth District.

The Peoples' Express.

The popular People's Express Company has moved its office quarters into the brick building at the northeast corner of Ninth street and Broadway. The new location will be a convenient and accessible one for the public. The People's Express Company have always enjoyed a large patronage principally because their business methods have proved to be satisfactory and honorable.

HE CAN READ THE MIND.

Tyndall Will Be One of the Attractions at Cook's Benefit.

Things Theatrical That Are Now Before Local Pleasure Seekers.

Alexander J. McKeefer Tyndall, who will be one of the features of the big programme announced for next Tuesday evening at the Macdonough, will be remembered as the wonderful mind reader who, about five years ago, made a sensational drive in search of an article hidden by a committee of prominent Oaklanders. Blindfolded, and with nothing to guide him but the unspoken thought of the party who concealed the object, he drove rapidly over the circuitous route selected by the committee, dashed directly to the appointed spot and without a moment's hesitation discovered the object of the search. In tests of a similar nature he has never failed, and he created intense excitement in San Francisco by driving with mad speed through the crush of vehicles on Market and Kearny streets, guiding the horses with unfaltering precision and without accident, though deprived of the use of eyesight by thick bandages of cloth. In recent years he has developed new and extraordinary powers, and his performance of marvelous psycho-somnambulistic feats has astonished thousands of people.

A host of other talent will also appear, presenting a programme rich in entertainment. The sale of seats opened this morning to a brisk demand, and the great attractiveness of the performance is sure to draw a crowded house.

THE OAKLAND.

"Nobody's Claim" continues to enjoy popularity at the Oakland Theater. J. J. Dowling and Myra Davis, assisted by the full strength of the Bacon Company, give a very careful performance and from an artistic standpoint meet all expectations.

The many thrilling situations heightened by the appropriate scenery maintain interest throughout.

BERKELEY NOTES.

Delegates Chosen for the Fire Convention Tomorrow Night.

BERKELEY, July 23.—The South Berkeley Fire Department has selected the following delegates to the convention at the Town Hall, tomorrow evening: S. H. Shadd, J. W. Miller, J. J. Rose, E. J. Lough, and E. Boag. The convention is held for the purpose of electing a Chief of the department. A new fire bell weighing 400 pounds and costing $125 will be hung some time this week. The company has also decided to arrange a stage at one end of the Engine house.

The Ivanhoe Fire Department has elected the following delegates: Joseph Stapleton, L. B. Rodgers, Y. Waterbury Jr., Walter Lane and F. Dixon.

MISS FELTON RETURNS.

Miss Katherine Felton who won the medal at the State University last year has returned to Berkeley from Chicago where she has been attending the Chicago Conventions. She will re-enter the University this fall in order to take a post graduate course.

SUSAN ANTHONY THERE.

The Salvationists Have an Unusually Good Programme Today.

The Salvationists at Trestle Glen have a big programme on hand today. Susan B. Anthony is speaking this afternoon, and at night Commander Booth-Tucker will arrive to preach.

Booth-Tucker will conduct services every day until the close on Sunday. On that day special features have been arranged, chief among which will be a double wedding. This is set for 3 o'clock and four of the principal officers of the California division are to be joined in the bonds of wedlock by the Commander. As this will be the first wedding at which Booth-Tucker has officiated in America, additional interest is attached to the event.

On Sunday a small admission fee will be charged at the gate. This is deemed necessary to prevent the presence of a rough crowd and it will also be useful in defraying the camping expenses.

Notice of hearing appeal of Ross Morgan in the matter of sewering Prospect Ave. from King St. to 13th Ave.

Pursuant to Statute and to Resolution No. 22345 adopted July 20, 1896, by the Council of the City of Oakland, notice is hereby given that Monday, Aug. 3d, A. D. 1896, at 2:30 P. M., in Council Chamber, City Hall, Oakland, Cal., has been fixed as the time and place for hearing the appeal of Ross Morgan in the matter of sewering Prospect Ave. from King St. to 13th Ave.

The appellant objects to the assessment issued by the Supt. of Streets upon the following grounds:

1st. The manner of and the amount of the bids per item are irregular and in the making of the assessment for the cost of the sewer, works a hardship upon the "frontage" which is neither in keeping with the letter nor the spirit of the street law.

2d. The number of branches required in the construction of the sewer is at the price bid for them unreasonable and excessive.

ORDINANCE NO.—An ordinance providing for the subpoenaing of witnesses and to compel their attendance before the City Council or any Committee thereof, and providing a penalty for disobeying such subpoena.

Be it ordained by the Council of the City of Oakland as follows:

SECTION I.

A subpoena requiring the attendance of any witness before the Council of the City of Oakland, or a committee thereof, may be issued by the President of said Council or the Chairman of any Committee before whom the attendance of the witness is desired, and it is sufficient if

First. It states whether the proceeding is before the Council or a Committee.

Second. It is addressed to the witness.

Third. It requires the attendance of such witness at a time and place certain.

Fourth. It is signed by the President of the Council, or Chairman of a committee.

SECTION II.

The subpoena may be served by any person over the age of eighteen years, and his affidavit that he delivered a copy to the witness is evidence of service.

SECTION III.

If any person neglects or refuses to obey such subpoena, or appearing neglects or refuses to testify, the Council may by resolution declare him guilty of contempt.

SECTION IV.

Any person guilty of contempt as aforesaid shall be prosecuted in the Police Court and punished by a fine not exceeding one hundred dollars for each offense, and in default of payment thereof by imprisonment at the rate of one day for each two dollars of such fine remaining unpaid.

SECTION V.

This ordinance shall take effect immediately.

In Council, Oakland, Cal., July 20th, 1896.

PROPOSALS for sweeping and cleaning the bituminized streets of the City of Oakland.

Department of Public Works, City Hall, Oakland, Cal., July 21, 1896.

In accordance with resolution No. 2420 of the Board of Public Works, sealed proposals will be received in open session of the Board of Public Works, at their office in the City Hall, on Tuesday, the 4th day of August, 1896, from 7:30 to 8:30 o'clock P. M., for the sweeping and cleaning of public streets in and for the City of Oakland, which are or may be paved with bituminous rock during the fiscal year 1896-97.

All work done to be executed in accordance with the following specifications, to-wit:

Specifications—The work to be done consists of sweeping and cleaning, with good effective machines, the public streets of the City of Oakland that are paved with bituminous rock, or those which may be hereafter so paved.

Bidders will be required to estimate and state in proposals the price per lineal mile for which they will sweep and clean the streets and portions of streets as herein specified. The said streets to be swept eight or more times per month, at such regular intervals during the month as may be designated by the Superintendent of Streets.

The Board of Public Works and the Superintendent of Streets may suspend sweeping and cleaning on any street or portion of street named in the following schedule, when in their judgment such sweeping and cleaning is unnecessary. They may also order any streets or portions of streets not included therein swept and cleaned at the same rate and price.

Schedule of streets:

Broadway from wharf to 10th, 5254 ft.
Franklin from 7th to 14th, 1880 ft.
7th from Broadway to Washington, 300 ft.
8th from Franklin to Clay, 725 ft.
9th from Broadway to Clay, 690 ft.
11th from Broadway to Franklin, 300 ft.
12th from Washington to Franklin, 600 ft.
13th from Washington to Franklin, 690 ft.
14th from Franklin to Clay, 800 ft.
17th from Broadway to Telegraph avenue, 83 ft.
Washington from 3rd to 14th, 3000 ft.
Telegraph avenue from 15th to 36th, 6508 ft.
Telegraph avenue and Broadway from 15th to 16th, 125 ft.
Linden from 8th to 10th, 610 ft.
East 12th from 11th avenue to 13th avenue, 690 ft.
13th avenue from East 11th to East 14th, 730 ft.
Knox place from Telegraph avenue to Grove, 755 ft.
Grand avenue from Webster to Boulevard terrace, 865 ft.

All said sweeping and cleaning must be done between the hours of ten (10) P. M. and six (6) A. M., unless by special permission of the Superintendent of Streets to do otherwise, and the said work, as hereinafter specified, to commence on and after the signing of the contract and to continue for a period of time ending June 30, 1897, or until such time thereafter when the said work shall have been advertised and awarded for the fiscal year 1897-98.

The contractor will be required to comply with such regulations governing the work as the Superintendent of Streets and the Board of Public Works may provide.

Sweeping—The streets to be cleaned in the following manner: Each street or portion of street to be sprinkled by a watering cart when and where necessary; the entire surface of the roadway (unless prevented by obstructions) to be thoroughly swept from the center toward the gutters and the sweepings to be collected by hand and immediately removed from the street, and should any of the sweepings be deposited upon the sidewalks or remain in the gutters or upon the cesspool covers at the corners of the streets the same must be swept off by hand and removed at the same time as the rest of the sweepings, prior to 6 o'clock each morning, and all the work to be done to the entire satisfaction of the Superintendent of Streets and the Board of Public Works.

The contractor will be required to report in writing to the office of the Superintendent of Streets, by 8 A. M., daily, the streets or parts of streets cleaned during the twenty-four hours preceding.

The Superintendent of Streets, or a deputy designated for that purpose, shall make examination daily of all the streets or parts of streets so reported as having been cleaned during the last preceding twenty-four hours, and if the Superintendent of Streets is satisfied with the manner in which said work has been performed, he shall enter in a book kept for that purpose the name of the streets and parts of streets, with the lineal feet in measurement of the work so accepted.

If upon such examination the Superintendent of Streets, or his deputy, shall find that the streets or parts of streets directed to be cleaned and as reported by the contractor as having been cleaned are not thoroughly swept and cleaned to his satisfaction and approval, he shall make a statement in writing of such work as has not been done to his satisfaction and deliver the same to the contractor upon the same day, and the contractor shall not be credited with the same, or allowed any payment therefor. Should the contractor feel aggrieved by reason of such action of the Superintendent of Streets, he may appeal therefrom to the Board of Public Works at their next meeting, who, after examination, may remedy and correct the action of the Superintendent of Streets, and the decision of said Board shall be final and conclusive in the matter.

If the decision of the Superintendent of Streets is sustained upon such appeal, the contractor shall forthwith proceed to clean such streets or parts of streets not cleaned as aforesaid to the satisfaction of said Superintendent of Streets. If the contractor shall fail to perform said work as aforesaid, to the satisfaction of the Superintendent of Streets, then the Superintendent of Streets shall forthwith report such failure to perform said contract to the Board of Public Works, and after examination if it shall appear that the contractor has neglected or failed to perform all of said work, then the Board of Public Works shall terminate the contract and institute proceedings to collect the amount provided for as liquidated damages in the bond hereinafter mentioned, executed for the due performance of said work.

The contractor will be required to clean all such streets and parts of streets, as designated by the annexed schedule, and by the Superintendent of Streets, in pursuance thereof, provided that, whenever, in the judgment of the Superintendent of Streets and the Board of Public Works, inclement or rainy weather render the sweeping and cleaning of the streets inexpedient, the work shall be suspended by the contractor on notification to that effect; also provided, that when the pavement of any street, or parts of streets, becomes too much broken to be properly swept, such street, or portion thereof as may be in bad repair, shall not be swept during the time the same shall be out of repair.

The contractor will not be required to remove any sand, dirt or rubbish placed upon any street by railroad companies in the laying and repair of tracks, or by any individual or corporation engaged in laying pipes, sewers or other work, by reason of which sand, dirt or rubbish shall be deposited upon the street.

The number of miles of streets swept and cleaned during the month shall be made out at the end of each month from the book of record kept by the Superintendent of Streets, and payment made monthly therefor at the rate per mile of the accepted bid.

Terms of Bids—Bidders will state in proposals a price per mile for sweeping and cleaning the bituminized streets in accordance with specifications.

The estimated number of miles of sweeping and cleaning of the streets per month is 100 miles.

All work done to be subject to the approval of the Superintendent of Streets and to the satisfaction of the Board of Public Works.

All bids must be made upon the blank forms of the Board, which will be furnished upon application by the Secretary.

All bids must be accompanied by a check certified by some responsible bank, made payable to the order of J. W. Tompkins, Clerk of the Council, for not less than ten per cent of the proposal, which check shall be forfeited to the City of Oakland should the bidder receiving the award fail within ten days to enter into a contract and furnish a good and sufficient bond in a sum not to exceed $1000.00 for the faithful performance of the same.

The Board reserves the right to reject any or all bids.

By order of the Board of Public Works.

N. W. SPAULDING JR., Secretary. 1

FRATERNAL NEWS

Sons of St. George Intend to Have a Royal Time.

INVITATIONS FOR TUESDAY,

The Turners to Congregate at the Santa Cruz Festival.

NOTES OF THE LODGE ROOMS.

United Workmen Going Ahead at a Rapid Rate.

Two events of more than ordinary interest are promised in the fraternal world within a short time. They are the grand lodge meeting of the Sons of St. George and the fest of the Central California turnbezirk. The grand lodge meeting will be held in San Francisco and the turn fest in Santa Cruz.

In both of these events Oakland will appear with due distinction. Other interesting fraternal happenings of the past week will be found recorded below:

Sons of St. George.

On Tuesday next the grand lodge meeting of the Sons of St. George will be held in San Francisco. There will be in attendance delegates from Montana, the Hawaiian Islands, Utah, British Columbia, and California, those from this State coming from all the leading cities.

On the Pacific Coast, the order comprises about 3,000 members. The first lodge in California was organized on January 23, 1886, and the grand lodge jurisdiction was established in San Francisco April 24, 1889.

The forthcoming sessions of the grand lodge will be held in St. George's Club, 317 Mason street, San Francisco. Among the grand officers is James Hall of this city, who is chairman of the Reception Committee on this side of the bay. Under his management a banquet will be tendered the delegates in the Galindo Hotel next Tuesday evening. Among the speakers on that occasion will be Congressman Hilborn, who will respond to the toast of "The President of the United States." The other musical and literary features of the evening will be as follows: Quartette, "Breeze of the Night," Messrs. Oakes, Clift, Hall and Trow; toast, "Her Britannic Majesty," D. Edward Collins; song, "Italie Brittania," J. R. Horton; toast, "Order Sons of St. George," John M. Day of San Jose; vocal solo, "Death of Nelson," Walker; toast, "The Land We Live In," Hon. William R. Davis; song, "The Holy Friar," C. L. Trow; toast, "The Anglo-Saxon Race," Rev. Joshah Sims of Nevada City; song, Selected, W. J. Oakes; toast, "Our Public Institutions," Hon. George C. Pardee; song, "The Armorer's Song," Williamson; toast, "Kindred Organization," Judge Gibson; song, "Claude Duval," Harry Richards; toast, "The Ladies," J. Perry; song, "Sally in Our Alley," H. M. Baker; toast, "The Press," J. T. Bell; trio, "Mynheer Von Dunck," Oakes, Clift and Trow.

Daughters of St. George.

The entertainment given by Golden Gate lodge of this city last Friday was quite a success.

Shortly after 8 o'clock Mrs. Geo. Orton called the meeting to order. Addresses, recitations, songs and instrumental selections were rendered and appreciated. Shortly before 10 o'clock ice cream and cake were served and a good sociable then was proceeded with and brought to a close one of the best entertainments ever given in the city.

The Turnfest.

The Central California Turnfest will be held in Santa Cruz beginning on the 8th and continuing until the 11th of next month. Elaborate preparations are now being made for the occasion and the programme of exercises will be among the most interesting that has yet been arranged in connection with one of these gatherings. There will be a variety of athletic acts, in which the picked men of the competing vereins will take part. There will be prizes for the vereins showing the greatest proficiency in the gymnastic events, as also for those of their members who display ability in the acts.

The organizations which have thus far signified their intention of taking part in the fest are as follows: Turn Verein, Turn Verein Eintracht, Turn Verein Vorwaerts, Mission Turn Verein, all of San Francisco; Turn Verein, Sacramento; Oakland Turn Verein; Turn Verein, San Jose; Stockton Turn Verein; Napa Turn Verein; Santa Cruz Turn Verein, and Marysville Turn Verein. It is expected that there will be in attendance not fewer than 1,200 Turners, 500 singers, 300 members of Schuetzen Vereins, together with a very large number of people from all parts of the State.

The members of Oakland Turn Verein are practicing for this event with a great deal of energy under the direction of Paul Uth. This verein has succeeded on various occasions in coming away in these annual fests with a number of verein and individual prizes and hopes this year to repeat its success in the past.

The members of the team have not as yet been decided upon but there is reason to believe that among the members will be Charles Steinbeck, Ernest Behor, William Reugk, John Will, Alfred Rich, Fred Kuenig, J. Baumgarten, I. Korn, H. Lewy, A. Niehaus.

The president of the Verein is Theo. Gier, the secretary Herman Pflug, and the treasurer A. A. Kayser.

Grand Army of the Republic.

Lyon Post meetings are now more largely attended by members than they were before the suspension of the organization. More enthusiasm is displayed and in every way an improvement has been made in the organization. At the last meeting, Tuesday evening, six applications for membership were received. This is an unusual thing in a Grand Army Post at this time, and, in this connection has special significance. The applicants are all old soldiers who have heretofor affiliated with Posts of the order in San Francisco, although they resided on this side of the bay. They have withdrawn their cards from the other posts with a view to identifying themselves with Lyon Post for the purpose of showing their appreciation of the stand of that organization in the recent controversy with the management of the Home at Yountville, even though the dispute was attended by the suspension of the Post. It is understood that other members of San Francisco Posts are also to affiliate with Lyon Post at the next meeting.

The Elks.

The Tribune, in its fraternal department of a week ago, referred to the fact that in the late election of grand officers of this order none of the leading positions fell to persons nearer to the Pacific than Omaha, Nebraska.

While this fact is somewhat to be regretted, because of the recent advancement which the coast has made in extending the order, there seems now to be good reason to believe this part of the country will be remembered by being given representation on some leading committees of the order, and that the position on those committees will be given to members of the organization who are resident in this city. Official information on this subject is expected almost at any moment and upon its receipt will be published in The Tribune.

There is trouble among the brethren on the other side of the bay. It is asserted that a new lodge is to be established there and that Golden Gate lodge, which has been in existence for some time, will be knocked out of existence.

Grand Exalted Ruler Detwiller is on his way to the coast to make inquiry into the troubles in the order which have originated in San Francisco. It is expected that he will be able to bring order out of chaos and that the misunderstanding which now exists there will be satisfactorily adjusted and that the affairs of the order will again be administered in the quiet and peaceable manner characteristic of Elkdom.

Foresters of America.

Court San Leandro No. 74, F. of A., will celebrate its fourth anniversary at U. P. E. C. Hall, San Leandro, on the evening of July 27th. The committees having the matter in charge are working hard and there is no doubt that the occasion will be a most enjoyable one.

Last Wednesday evening several Foresters of Pleasanton drove to Niles and conducted initiatory services in Court Alisal at the latter place in a very successful manner. The leader in the initiatory work was Frank Lewis, who had gone to Niles on the evening train, while the others taking part in the exercises traversed the distance between the towns in a capacious carryall. After the installation there was a banquet, which was greatly appreciated by all. The members from Pleasanton in attendance were F. Lewis, Lee Wells, C. S. White, W. H. Donohue, F. Snarey, B. Carroll and W. Hahn.

Native Sons.

Alameda Parlor No. 47, N. S. G. W., of Alameda, held a public installation of its officers in Armory Hall a few nights ago. This was the first entertainment of the kind that has taken place in that order of Native Sons in the Encinal. Each officer ascended the stage and received the charge from the installing officer and was invested with the regalia of his office, after which he took his allotted position. The installation was conducted with all the solemnity and significance of the ritual of the order.

The installing officer was W. H. L. Hynes, District Deputy Grand President and a member of Piedmont Parlor No. 120 of this city. Assisting him in the installation was J. J. Nagle of the same parlor as Grand Marshal and J. B. Larue of Brooklyn Parlor No. 151, also of this city, in the capacity of Grand Secretary. District Deputy Grand President Joseph R. Knowland of Halcyon Parlor of Alameda occupied a seat of honor on the stage.

The officers installed were as follows: J. J. Flynn, Past President; C. M. Day, President; J. F. Hanson, First Vice-President; Max Glas, Second Vice-President; William Bolte, Third Vice-President; R. H. Fallmar, Marshal; T. R. Hanson, Recording Secretary; Max Gundlach, Financial Secretary; O. A. Bremer, Treasurer; T. H. Smith, Outside Sentinel; Louis Probst, Inside Sentinal, and Dr. W. M. Pond, Surgeon.

The installation was followed by an entertainment. Tye and Smith of the Acmes Club of this city gave a spirited exhibition of boxing, and were followed by Slamberg and Conlon of the same club, who showed their proficiency as amateur wrestlers. E. J. Erickson convulsed the auditors with his remarkably clever imitations of birds and animals. Toohig, McNally, Cook and Stegeman, also of the Acmes, gave an exhibition of acrobatic work.

Odd Fellows.

Wednesday evening the newly elected officers of Pleasanton lodge No. 255, I. O. O. F., were installed by District Deputy Grand Master Crooks of Haywards. The new officers are: C. H. Dall, N. G.; Ed Head, V. G.; H. Detjens, R. S.; H. Sinclair, P. S.; J. W. Hortenstine, Treas.; J. H. Neal, Warden; H. C. Minick, Cond.; J. R. Palmer, R. S. N. G.; H. Reimers, L. S. N. G.; Chas. Starr, I. G.; Joe Rose, R. S. V. G.; Geo. Lopas, L. S. V. G.; Claus Meyer, L. S. S.

The Rebekahs.

The newly elected officers of Aqua Pura Rebekah lodge, Irvington, were installed Tuesday evening. Among the visitors present were State President Marion Greenwood, Grand Treasurer Leise, D. D. G. M., Sister Savage, and District Deputy Sister Coffman. At the conclusion of the business of the evening all repaired to the banquet hall, where a repast was served.

Knights of Pythias.

Oakland lodge No. 103 last Friday night, acted upon one application for membership and advanced to the rank of Esquire Page Kollick.

The announcement having been made that Esquire Sauleres was awaiting to receive knightly honors, the lodge reopened in the Knight rank, and assisted by its fine team, conferred that beautiful work in amplified form on the candidate. Brother David Borland deserves special credit for the able manner in which he manipulated the stereoptican during the ceremony.

Owing to the absence of a member of the team, Brother Stokesberry, who was present from Nebraska lodge No. 1 of Omaha, kindly volunteered to take the absent member's place. Brother Stokesberry acquitted himself in very creditable manner.

An invitation has been tendered to the team of Oakland lodge to visit the brethren in the city of San Jose, to confer the Knight rank in amplified form.

Under the head of Good of the Order C. C. Young of Live Oak lodge No. 17, made a few remarks, eulogising the team on its proficiency in its work.

Brother Stokesberry enlarged on the progress of Pythianism in his native city, Omaha, and the new-fledged Knight, Brother George Sanders, entertained the lodge with a comic ditty entitled "Have You Seen O'Hara?" for which he received a round of applause.

Tomorrow night the Knight rank will be conferred in amplified form.

Live Oak lodge No. 17 last night conferred the Page rank on Stranger Spurawasser.

Thursday evening District Deputy J. W. Robertson installed the following as officers of Centerville lodge No. 170, K. of P., for the ensuing term: C. C., P. Mathiesen; Vice C., Ferd. Salz; M. of W., H. W. Emerson; Prelate, Rev. Crump; M. of E., S. Sandnoldt; M. of F., A. F. Eggers; K. of R. and S., F. M. Smith; Mast, A. B. Emerson; I. G., J. D. Norris; O. G., C. A. Plummer.

Rathbone Sisters.

Calanthe Temple No. 6, Order of Rathbone Sisters, will have an initiation tonight at old Grand Army Hall, Thirteenth street, and several applications for membership will be received. The prospects of a large increase in membership this term is looming up for the Temple. Thursday night, July 30th, the Temple will have one of its regular dime socials and entertainments.

Knights and Ladies of Honor.

A union meeting of the lodges of Alameda County was held at Berkeley on the 13th inst. It was opened by Dr. Farrar, protector of Berkeley lodge. Grand Protector Lauder was present and installed the officers of the four lodges, viz: Oakland, No. 135 of Oakland; Palmetto, No. 188, of Alameda; Seal Rock No. 189, also of Alameda, and Berkeley No. 191 of Berkeley.

None of the officers were installed by deputies. Several of the grand officers were present and assisted the grand protector in the installation ceremony.

A jewel of the order was presented to Mrs. Bigler, Past Protector of Seal Rock lodge, by the members of that lodge and another was presented to Brother Flynn, Past Protector of Palmetto lodge, by the members of his lodge. The presentation addresses were made by Miss Gallagher and Dr. Keyes respectively. Past Protector Carrington, Grand Protector Lauder, Past Grand Protector Cummings, and Past Protector Farrar made remarks. A banquet was served after the installation.

Grand Protector Lauder visited Seal Rock lodge of Alameda on the evening of the 14th inst.

The following officers of Oakland lodge No. 135 were installed by Grand Protector Lauder at Berkeley on the 13th: Protector, J. A. Colquhoun; Past Protector, Mrs. Rose Carrington; Vice-Protector, F. J. Meckfessel; Chaplain, Mrs. F. J. Meckfessel; Recording and Financial Secretary, Mrs. May E. Cummings; Treasurer, J. B. Dixon; Guide, W. B. Greenebaum; Guardian and Sentinel, H. K. Cummings.

Dr. Farrar, Past Protector of Berkeley lodge No. 191, has been appointed a member of the Committee on Foreign Correspondence by Grand Protector Lauder.

The Tribe of Ben Hur.

A fraternal beneficial order styled the Tribe of Ben Hur has been organized with the Supreme Temple located at Crawfordsville, Indiana. It is said to be founded on the book written by Gen. Lew Wallace, entitled "Ben Hur, a tale of the Christ." The first court in the order was instituted March 1, 1894. An attempt is being made to introduce the order into this State.

Companions of the Forest.

Last Tuesday evening, Piedmont Circle, No. 154, C. of F., held its meeting at California Hall, on Clay street near Eleventh street.

The principal feature of the evening was a visit from the following Companions: Florence N. Morrow, Supreme Grand Secretary, and Mrs. A. E. Corwin, Recording Secretary, and Mrs. S. S. Bacon, Deputy, all of Loyal Circle of San Francisco; Mrs. V. Cervelli, Supreme Grand Guide, and a member of Mazzini Circle, San Francisco. They were given a pleasant reception by Piedmont Circle, and all present had a good time.

Piedmont Circle recommended Mrs. Morton as their Deputy, vice Mrs. Miller, resigned. The Circle will give a lemonade social and dance at College Hall on Wednesday evening, August 12th.

Catholic Ladies' Aid Society.

The C. L. A. S. would like through the Tribune to return thanks to M. H. Auerbach, Miss Gladys Worden, Ira C. Ladd, and Miss Nellie Gallagher of San Francisco, for the excellent musical programme rendered by them at Father Yorke's lecture, as also to Miss McNally, the accompanist. The next meeting of the society will take place Monday evening, July 27th, at Y. M. I. Hall.

Masonic.

Tomorrow evening the third degree will be conferred in Live Oak Lodge, No. 61.

On July 31st, Hon. E. M. Preston, Grand Master of Masons, will visit this Masonic District, and the third degree will be conferred by Live Oak Lodge on that occasion also. It is expected that other officers of the Grand Lodge will also be present.

Young Men's Institute.

At the meeting of Oakland Council, No. 6, held last Tuesday evening, Charles J. Harrington, who has held the position of President for the past two terms, was presented with an elegant badge of the order by the members of Council No. 6. The presentation speech was made by the President, R. H. Hammond, who feelingly alluded to the work accomplished for the order by Brother Harrington.

The recipient of the badge was taken by surprise, and for once almost lost his power of expression. He however recovered sufficiently to thank the brothers for their appreciation of his efforts, and promised to be as faithful in the future as in the past.

During the month of August there will be a free lecture given under the auspices of Oakland Council, No. 6, by Past Grand President F. J. Murasky of San Francisco.

United Workmen.

Monday evening Oak Leaf Lodge, No. 25, A. O. U. W., had an excellent attendance at its meeting.

The newly elected Overseer, Brother Colquhoun, was installed.

Past Master Workman Jacobsen was presented with a handsome Past Master's jewel, Grand Recorder Hirshberg presenting the gift on behalf of the lodge.

Brother Jacobsen's eloquent response in accepting the gift was heartily applauded.

Master Workman Dunton announced that next Monday evening Grand Recorder D. S. Hirshberg, late delegate to the Supreme Lodge, will deliver an address explanatory of the new classified assessment which is about to be inaugurated in the A. O. U. W.

Brother Preston made some able remarks upon the mode of classifying assessments, which showed that he had made a study of the important subject which is now agitating the order.

Past Master Workman Jacobsen stated that, upon first hearing of the acceptance of the classified assessment law, he was not very much delighted with it, but after studying the question thoroughly he had become one of its most earnest advocates.

Brother Mott, who has always advocated a system somewhat similar to that presented by the Supreme Lodge, predicted great and glorious times for the A. O. U. W.

Brothers Yehl, Fairchild and Harris also spoke in the same strain.

Master Workman Dunton announced that he will deliver an address before Oak Leaf Lodge Monday evening, August 3d, on the subject, "The Trials and Tribulations of an Old Californian Whom You All Know."

PACIFIC LODGE.

This evening, at Pacific Lodge, No. 7, A. O. U. W. Hall, 1169 Broadway, there will be a reunion of the members of the lodge in honor of the nineteenth anniversary of the institution of the organization.

It is expected that all of the charter members who are living and who reside in Oakland or vicinity, will be present, among them Past Supreme Master W. H. Jordan, who will respond to the toast "Our Anniversary." The toast, "Early Days of Pacific Lodge," will be responded to by Past Master William Winnie. Geo. W. Reed, P. M. W., will respond to the sentiment, "Those Who Have Gone Before." William Vinter, Grand Master Workman, will be present and respond to, "Our Order." "The Drill Team" will be the theme on which Deputy Grand Master T. S. Poland will dwell. Brother Poland is an adopted member of Pacific Lodge and a member of the Drill Team. District Deputy C. R. Haswell, who has recently taken unto himself a helpmeet, will talk upon "The New Woman and What I Think of Her."

There will be music by Professor Robert Hall, E. T. Taylor and T. Bornewitz. There has been considerable interest taken in the graded assessment plan, which goes into effect January 1, 1897, and Grand Recorder D. S. Hirshberg, who was present at the recent session of the Supreme Lodge at Buffalo, N. Y., will explain it in detail. The meeting tonight will be very interesting, and no doubt there will be a large attendance.

Degree of Honor.

Ivy Lodge, No. 4, Degree of Honor, A. O. U. W., had as usual a large attendance at its meeting last Wednesday evening.

Lady of Honor Mrs. Hodges appointed Sisters Reichman and Wilkinson as her Maids of Honor.

It was unanimously decided to give a banquet at the next monthly social, which will take place Wednesday evening, August 5th.

Chief of Honor Mrs. Moore appointed the following members as the Committee of Arrangements for the monthly social: Sisters Josie Butler, Marguerite Hannan, Ray Levy, Margie Oakes, Mrs. Reichman, Mrs. Wilkinson, Mrs. Holmes, Mrs. Van Court and Brother Marks.

It was announced that the installation of officers of Dawn of Hope Lodge, West Oakland, will take place next Saturday evening.

District Deputy Grand Chief of Honor Mrs. Eva Cogan will officiate.

Brother Joseph Harris delivered quite an interesting address upon the new classification system about to be inaugurated in the A. O. U. W. His remarks were loudly applauded. Brothers Ingler, Mitchell and Isaacs also spoke upon the same subject.

Dancing was indulged in and greatly enjoyed. It was announced that the testimonial benefit tendered to Sister Anna Donaldson by Ivy Lodge Dramatic Club will take place Friday evening, August 14th, at Elite Hall.

PERSONAL AND SOCIAL.

Mrs. E. C. Farley and sister Miss May Embry of Los Gatos are visiting relatives in this city.

John Gooch and son Andrew are in Red Bluff.

Carl Greene, Deputy District Attorney, has returned from his outing in Yosemite.

BRYAN AGAINST SUGAR.

The Democratic Nominee Is Against the Beet Interests.

Congressman Mercer in an interview says that in his opinion McKinley will carry Nebraska and refers to the matter as follows:

"Bryan's opposition, while in Congress, to the sugar bounty and the tax on sugar in the Wilson tariff bill has naturally injured his popularity. The people of Nebraska are very much interested in beet culture. Our State has two of the largest beet sugar refineries in the United States; the soil is admittedly better adapted to beet cultivation than German soil, as it contains more essential nourishment. The people are taking a great interest in the sugar industry, which is daily growing, and cannot be expected to feel kindly toward any one who is engaged in destroying the industry."

SNYDER'S SNUG FORTUNE.

How the Oakland Capitalist Disposed of His Estate.

A. J. Snyder, the capitalist, who died recently, left an estate valued at $325,000. It includes property on the corner of Tenth and Franklin streets, Ninth and Washington streets and on San Pablo avenue, together with bank stocks, mortgages and personal property. The Calistoga property belongs to the widow.

The heirs left include Miss Alice and Miss Lillian, Mrs. Emma Reinhardt, Mrs. Rebecca Wurts, Byron and A. J. Jr. and a granddaughter. The latter is the child of Mrs. Carrie Troxs-Snyder, the widow of Sherman A. Snyder.

The widow has been left all the property and has been appointed executrix without bonds.

DESERVED HONORS.

John A. Britton Re-elected Secretary of the Coast Gas Association.

The Pacific Coast Gas Association has been holding its fourth annual meeting in San Francisco. John A. Britton of this city has been re-elected Secretary, and T. R. Barker has been made President in place of E. J. Jones, retired.

Mr. Britton read the principal paper at yesterday's meeting, on the "Municipal Ownership of Gas Plants." Mr. Britton's paper was a very clever article and ably set forth the objections to any municipality owning gas and electric works. He based his argument on his declaration that Governments wait until individuals take the risk of establishing a plant and then virtually confiscate the same by taking charge without first paying a sum of money equivalent to the cost and the business risk taken by the originators. He also declared that such institutions could be run cheaper by private corporations.

The association spent the remainder of the day experimenting with the cathode ray. The affair ended with a grand banquet at the Palace Hotel.

Reduction of the Salary Schedule on the San Leandro Road.

It is Not to Effect Those at Present Employed on the Line.

The Oakland, San Leandro and Haywards Electric Railway has issued a new order which will effect the salaries of employees in the future. The order as issued makes the rates of all motormen and conductors 19 cents an hour for all men whose terms of service have been two years or under, 20 cents an hour for all who have been employed three years, and 21 cents for all who have served the company for four years. The former rate of wages was 21 cents an hour for all men irrespective of the term of service.

When the order was first issued, there was some doubt among the employees whether it would effect the men now employed but this morning the Superintendent announced that it would make no changes in the salaries of the present employees. New men will of course be paid according to the terms of the order.

Secretary A. L. Stone said today in regard to the reduction: "The new order will make no difference in the salaries of men already working for us except to give them an increase of one cent per hour after serving the company for five years. The order was adopted in order to protect the men and give fair wages.

The motormen and conductors appear to be satisfied with the new ruling and the talk of strikes which was prevalent late last evening when the men believed their salaries were to be reduced, has died out.
